

## JAPAN IN EXPRESSION OF SYMPATHY

### REGRETS BRINGING OF FAR EAST PROBLEMS INTO THE CONFERENCE

Is Ready to Join in Any Readjustment That is Fair and Satisfactory—Other Powers Stand With United States—Many Informal Conferences Between National Groups

(By The Associated Press)  
WASHINGTON, Nov. 19.—Japan joined with the other powers today in an expression of sympathy for the national aspirations of China, but added a postscript regretting any tendency toward a detailed examination by the armaments conference into "numerable minor matters" in the far east.

In a statement omitting mention of specific points of controversy between the two countries the Japanese delegation informed the conference delegates that their government claimed no special rights and privileges in the procurement of raw materials from China, harbored no policy of territorial aggrandizement, at China's expense, and was ready to join in any readjustment of extra territorial rights which appeared "fair and satisfactory."

To enter upon an examination of details, however, the statement declared, would be an attempt likely to result in undue protraction of the discussions—a reiteration of the objection Japan has expressed repeatedly against re-opening the many controversies in the far east.

### WABASH RIVER ON RAMPAGE; MUCH LOSS TO PROPERTY

Thousands of Acres of Corn Will be Lost Thru Flood

(By The Associated Press)  
TERRE HAUTE, Ind., Nov. 19.—Thousands of acres of lowlands of the Wabash valley are under water tonight and great property damage has resulted from high waters caused by recent rains. The Wabash river reached a stage of 16 feet tonight and was still rising. Standing corn in the lowlands was ruined and with all streams also overflowing, the roads, bridges and culverts have been damaged.

Water began backing into parts of Terre Haute and west Terre Haute this evening. With the continued rise to a stage of more than 18 feet scores of families will be compelled to move. The sudden cold and wind today brought hope that the flood will be checked.

Wrecking of bridges across tributaries to the Wabash caused several serious motor car accidents and interrupted travel. Farmers whose corn remained in the bottom lands received warning of the threatened flood but the continued rains during the week made it impossible to save the crops. Reports indicate that only one half of the corn in the lowlands had been harvested and that remaining will be lost.

**REFORMATORY PRISONERS ESCAPE FROM PONTIAC**  
Chicago, Nov. 19.—Officials of Pontiac Reformatory today notified police that two prisoners, Walter Ackerman, aged 21, and James Plabb, alias James Morton, aged 20, both of Oregon, Ill., had escaped.

### OILER ALAMEDA IS AFIRE FORTY MILES OFF CAPE HENRY

Ship is Abandoned by Entire Crew—Message Says

(By The Associated Press)  
WILMINGTON, N. C., Nov. 19.—The U. S. Oiler Alameda is afire about 40 miles off Cape Henry, according to a wireless message received here tonight. The United States coast guard cutter Seminole answered the call from the port.

PHILADELPHIA, Nov. 19.—All hands on the U. S. Oiler Alameda abandoned the burning vessel, according to a wireless message received by the Philadelphia Navy Yard here tonight.

The crew has been picked up by the Steamer Bristol, which is standing by awaiting the arrival of fire fighting apparatus. After the fire has been placed under control, according to the message the oiler will be towed to Hampton Roads.

Navy Department Is Advised.  
Washington, Nov. 19.—The navy department was advised tonight that the Oiler Alameda was anchored 35 miles off Cape Henry and that all hands had abandoned the ship and were now on board the British Steamer Bristol.

Communications from Norfolk stated that three yard craft and the coast guard cutter Manning left the yard at 11 p. m. It is estimated that it will take the cutter three hours to reach the Alameda. Naval officials believe that the ships enroute to the scene are equipped with full fire fighting apparatus and should reach the Alameda within six hours.

The Alameda was enroute to Norfolk to take the navy Christmas mail overseas week. She is a 1,600 steel vessel and carries a crew of 12 officers and 75 men.

### Tuesday, November 22 Is Jacksonville's Dollar Day

Tuesday is Jacksonville's First Semi-Annual Dollar Day Event designed to widen the retail trade area of the city and to acquaint more people with the advantages of making Jacksonville their Trading Center.

It is the third project of this kind put on by the Trade Extension Committee of the Chamber of Commerce. Not in years has there been a greater spirit of co-operation shown by local merchants in joining a community movement. Ninety-nine individual firms are taking part in this big effort to advertise Jacksonville and they are offering great inducements to the buying public, at prices that are far below retail and in a great many instances, wholesale prices.

Even as early as Friday afternoon merchants began revealing to the public their intentions in the way of bargains. Saturday the windows had taken on a real Dollar Day appearance.

A glance at the special edition which is a part of this issue will show some striking bargains. Practically every merchant has big inducements to offer the shopper that day.

The Trade Extension Committee wishes to announce that any mother who wishes to shop unhampered by the care of her children is invited to leave them at the Chamber of Commerce rooms in the Myers Building where they will be looked after by competent persons until their parents call for them. Rest rooms are also there for tired shoppers, and all are invited to use them.

If the weather clears and the roads are passable the crowds of shoppers will be counted by the thousands. In event of better weather business men are requested to leave their cars at home on that day to provide sufficient parking space for out-of-town cars.

While this event is staged to increase the present trade territory it is also for the benefit of Jacksonville people and all are urged to take advantage of the special offerings. During the recent Boosters' Sales many people living in the city and near vicinity felt that they shouldn't take advantage of the special offers as it was a Trade Extension movement. For this reason this invitation is issued.

Everyone without exception should take advantage of Dollar Day. They are missing some golden opportunities if they do not.

Some of the 99 merchants taking part in this big sale were unable to secure space in the special edition. When you come to the business district, look for the official subscriber card displayed in the windows. Business men off the square in all directions have bargains. Look them all over before you go home.

### ILLNESS OF AGED MAN CALLS HALT IN MURDER TRIAL

Civil War Veteran Being Tried for Murder of Wife

(By The Associated Press)  
KIRKSVILLE, Mo., Nov. 19.—John M. Gillespie, 34 years old, a veteran of the Civil war, charged with the murder of his wife, Armina, at their home 12 miles northwest of here in September, 1920, was today in court here for trial and continuance was granted to the January term of court.

Mrs. Gillespie was found dead in her home with an old muzzle loading shotgun lying beside the body. The gun was 58 inches long and witnesses at the inquest testified that she could not have fired the shot herself as contended by her husband. Gillespie is said to be the oldest man ever placed on trial for murder in Missouri. This is the second time the case has been postponed on account of the physical condition of the defendant.

### BELIEVE ROBBER WOULD GO STRAIGHT

PHOENIX, Ariz., Nov. 19.—Confidence that Roy Gardner, escaped convicted mail robber, would "go straight," if he were given a pardon and permitted to go out and seek work like any other man, was expressed by his wife, who arrived here today from San Francisco.

Mrs. Gardner declared she was confident Roy was not guilty of the assault charge that had been preferred against him by state officials on complaint of a young Mexican girl.

### PROMINENT FARMER IS SENTENCED FOR ROBBERY OF BANK

Sentence in State Prison

(By The Associated Press)  
BLOOMINGTON, Ill., Nov. 19.—Montgomery North, a wealthy farmer who lives near El Paso, today pleaded guilty in circuit court here of complicity in the robbery of the Hudson State bank of Hudson, Ill., last June. He was given an indeterminate sentence in Joliet prison by Circuit Court Judge Edward Barry and Sheriff Morrison started for Joliet with his prisoner late this afternoon.

Charles Welch, a farm hand employed by North pleaded guilty when arrested last spring and has been in jail since. North pleaded not guilty at that time and was released on \$50,000 bonds after he had promised the court that he would return and plead guilty after he had harvested his crops and made arrangements for the care of his wife and children while he was in prison. He appeared in court today and announced his willingness to carry out his promise.

North and Welch, heavily armed, held up the bank in broad daylight last June, holding a crowd of Hudson residents at bay by a fusillade of shots as they dashed away in North's automobile. They obtained \$500 in the robbery.

The north part of the county has lost a good citizen and desirable family in the removal of L. M. Fortner to Woodson, where he has recently gone with his family.

### CLASS RATES ARE ALL CANCELLED BY THE COMMISSION

Ruling Will Affect Rates West of the Mississippi

(By The Associated Press)  
WASHINGTON, Nov. 19.—The interstate commerce commission followed up its recent order cancelling class rates in territory south of the Ohio and west of the Mississippi which railroads sought to put into effect June 28, by cancelling today "carload commodity rates as well."

The alterations in the rates were proposed by railroads to go into effect June 28, 1921, as their proposed method of meeting previous decisions of the commission to the effect that water competition in the Mississippi Valley was insufficient to justify lower charges at certain river points while interior points were charged higher rates. The railroads attempted to meet requirement by increasing the lower rates to a degree which the commission has now held unjustified both as to classified and commodity freight shipments.

In the decision today cancelling the new commodity schedules, the commission ruled that rates on grain and grain products from St. Louis to Memphis in new schedules should not be increased above 12.5 cents per hundred pounds and from St. Louis to New Orleans should not exceed 31.5 cents.

This was the most important commodity rate fixed by today's decision. The present rate from St. Louis to New Orleans is 23.5 cents and the railroads in the cancelled rates suggested 38.5 cents. The commission ruled that other rates concerned should be made on approximately the same basis as that fixed for grain and new schedules filed by November 27.

### FARMERS VOTE AGAINST SCHOOL

Springfield, Ill., Nov. 19.—Voicing their disapproval of the community high school at White Hall, Greene county, farmers of the district by an overwhelming vote in the special election today abolished the district. They cast 101 votes more than the required two thirds majority. On the question of abolishing the community high school at White Hall, voters of the district retained the school by a vote of approximately 1,400 to 1,000. The school building at White Hall will be used by the city schools.

### TELLS POSTMASTERS TO GET READY FOR RUSH

Washington, Nov. 19.—Postmaster General Hays in communications sent out today urged postmasters to begin preparations for the Christmas rush. He suggested the possible use of school buildings as distributing centers for Christmas mail and granted permission to postmasters to offer the public packages for wrapping and tying facilities during the rush.

### TAX REVISION BILL TO BE RETURNED TO THE HOUSE MONDAY

Came Thru the Third Re-Writing Yesterday—Democrats Refuse to Sign the Bill in Conference—Smoot Also Withholds His Signature—Anticipate Much Discussion

(By The Associated Press)  
WASHINGTON, Nov. 19.—The tax revision bill came thru its third re-writing today and will be returned to the house on Monday. Republican leaders are hopeful that the final step in its enactment can be taken in time to permit congress to end its special session Wednesday as planned. Only five of the ten conferees on the bill have signed the conference report. The Democrats refused to sign and one of the six Republican managers, Senator Smoot of Utah, proponent of the sales tax, withheld his signature. He said it was his intention to study the bill to see whether it was any improvement over existing law.

Opposition to some features of the bill is expected to develop in both the house and senate. House leaders plan, however, to put the bill thru the house Monday after four or five hours of debate.

Leaders of three Republicans in the house who bolted on the tax amendment said today that there would be no organized opposition to the bill.

Senate leaders anticipate considerable discussion from both sides of the chamber.

House and senate managers today fixed the corporation income tax rate at 12 1-2 per cent, the figure in the original house bill. This increases the present rate by 2 1-2 per cent, but is 2 1-2 per cent below the figure agreed upon by the senate.

The conferees agreed to the original house provision relating to liquor taxes. This retains the present tax of \$2.20 a gallon on distilled spirits with provision for an additional tax of \$4.20 a gallon such spirits diverted for beverage purposes to be paid by the person responsible for such diversion.

The conferees retained the senate amendment repealing the normal exemption of \$2,000 allowed corporations, but the repeal would not apply in the case of corporations having net incomes of \$25,000 or less.

The Walsh amendment proposing a tax ranging from one per cent to 25 per cent on gifts of property by persons was eliminated. A new provision for taxing gain from the sale of capital assets was written into the bill. It is limited to individuals and provides that if the taxpayer elects to make a separate return of the taxation of his income from the sale of capital assets, he shall pay a tax on the gain at the corporation income rate of 12 1-2 per cent on the total of gain. The Lenroot amendment excluding stock of corporations from capital assets to be treated was eliminated. The managers retained the senate amendment imposing a tax of five cents a gallon on fountain syrups used in the manufacture of carbonated beverages prepared for sale in closed containers.

In reducing the proposed corporation income tax rate the conferees reduced by \$150,000,000 the estimated return from the bill.

Other changes resulted in further cuts in the estimated revenue. Some estimates were that from \$150,000,000 to \$200,000,000 had been cut from the bill, which, as it passed the senate was designed to yield approximately \$3,300,000,000.

Chairman Penrose of the senate managers said the bill as finally amended by the conferees was "entirely adequate" for the immediate revenue needs of the government, but would make no estimate as to the total yield.

### TWO KILLED WHEN ARMED MEN HOLD UP MINING TOWN

Robbers Work in Old Time Western Style

(By The Associated Press)  
WEST FRANKFORT, Ill., Nov. 19.—A band of armed men invaded Freeman Spur near here last night, shot and killed Charles Amati, the postmaster, held up a saloon and then were put to flight, leaving behind one of their companions, who was shot to death in a fusillade that followed the saloon holdup, according to a report received here tonight.

The saloon robbery was committed in a fashion patterned on the old western tales. After rifling the cash register the highwaymen started backing out the door pouring bullets into the air and shattering nearly everything in the place.

In the midst of the fusillade one of the highwaymen dropped dead, struck by a bullet from the pistol of one of the customers, who had concealed himself in the rear of the building when the desperadoes entered the place. Two men who gave their names as Bill Van Zandt and Longshot Jarvis, were arrested at Herrin, establishment. They declined to make any statement. The saloon, after they had taken the body of a slain man on an undertaking conkeoper also has been arrested.

### COAL MINER IS KILLED BY TRAIN

Springfield, Ill., Nov. 19.—George Lasody, 54, a coal miner, was killed here tonight when he was struck by a Chicago & Alton passenger train. Lasody crossed the tracks intending to catch an electric car to take him from the mine to the city.

It is said that President Harding's signature to the good roads law will mean such construction activities that 250,000 men will be given employment. It should be remembered that there is going to be all the more need for employment, now that ship building operations are to be suspended.

Let us hope that the peaceful settlement of differences between the packers and their employees over wages in a good omen of the future. In this instance the employers opened their books, presented the facts and their employees were speedily convinced by the figures that the demand for reduced wages was really necessary.

Now that spokesmen for the United States Steel Corporation and Bethlehem corporation have

approved the United States' stand for disarmament, there should be some lessening of the silly talk that the big moneyed interests are continually advocating militarism, and using their influence to promote international distrust so that there may be a more ready market for their products.

If you have any doubt about the increased buying power of a dollar, you are respectfully referred to the Dollar Day advertising section of this paper. There will be found abundant proof that the dollar of today will purchase some really wonderful values when price levels of today and a year ago are compared.

Certainly an immediate way to reduce your living costs will be to take advantage of some of the bargain offerings next Tuesday. You cannot buy all the bargains unless you use a truck to haul your purchases.

Union Thanksgiving day services will be held in Jacksonville next Thursday in accordance with long standing custom. Business is possibly not as good as it was a year ago but certainly the people of this community have much to be thankful for. The unemployment question, so acute in many cities, has caused comparatively little worry here and the winter months do not promise the extent of suffering among the poor here that will prevail in other localities.

This is the advantage that Jacksonville has in not placing its sole dependence in manufacturing lines. Many are the reasons that could be enumerated for thankfulness and if you are in-

clined to be pessimistic, sit down and think the matter over fairly and you will find that the local situation is especially fortunate.

Thousands will be swayed by its dramatic intensity and its outspoken entertainment that took a year in preparation and cost a fortune. Allen Holubar's drama eternal. A wonderful romance of Mother Right, told from a woman's heart. Amazing! Stupendous! Inspiring! The only Motion Picture of its kind. A First National Attraction. Thrills, smiles, pathos. 9 mighty unforgettable reels.

## YOU'LL SEE

Hordes of women, ride bare-legged, bare-armed, bare-chested, into the Mighty Battle of the Amazons, with a woman as their leader.

The pagan courts of Rome thronged with women, barbaric, beautiful, while a slave girl weeps among them. The Bacchanalian dancers in the orgy of life and splendor and feasting among the men and women of today.

You'll see Woman as the cave-man's mate; Woman as the Amazon ruling by Mother-right; Woman fallen, to be sold in marriage as a medieval chattel; Woman holding fast to her faith even through the abandon of Caesar's courts; Woman struggling again for herself today, shackled by the very bond with which she once ruled.

You'll see Woman, gorgeous in nature's beauty, yet fierce in the fight of sex-antagonism.

**SPECIAL TRAINS TO FARM BUREAU MEETING**

Corn Belt Delegates Will Leave Chicago on Two Specials for Atlanta—Illinois Men are on Program.

Two special trains left Chicago Saturday night to bear the delegates from the corn belt state farm bureau federations to the annual meeting of the American Farm Bureau Federation opening at Atlanta Monday.

The four delegates from the Illinois Agricultural association are Howard Leonard, president, of Eureka, A. O. Eckert of Belleville, Z. M. Holmes of Mossville and S. H. Thompson of Quincy. A number of other officials of the state agricultural organization and of county farm bureaus are attending the meeting.

Policies for the farm bureau, national, state and county, will be determined to a large extent, it is expected at the Atlanta meeting.

Howard Leonard, president of the Illinois Agricultural association, is on the program for the second day of the convention to lead a discussion of delegates on co-operative marketing.

The farmers' national fruit marketing committee of twenty-one, appointed last summer by the American Farm Bureau Federation to work out a national plan of fruit marketing, meets on the same day, C. E. Durst, of the Illinois Agricultural association, is the Illinois member of this committee.

An Illinois woman, whose name has not yet been announced, has been appointed by the Illinois Agricultural association, to represent Illinois farm women at a meeting of a special women's committee which will be held during the Atlanta convention for the purpose of organizing farm women to better co-operation in home economics.

## POSTAL FIGURES RUN TO GREAT TOTALS

Post Master General Hayes Writes in Interesting Way of the Immense Business Carried on For People in Post Office Department.

Postmaster General Will Hayes recently convened a postal family gathering in Washington, with 5,000 delegates in attendance representing about 50,000 postmasters; 13,000 rural carriers and about 5,000 supervisory officials.

The postal master general addressed a letter to newspapers throughout the country, expressing appreciation for certain lines of publicity and co-operation given.

In the same connection the postmaster general called attention to some very interesting facts and figures, all tending to show the immensity of the business done by the postoffice department.

Runs to Big Figures. Here are some of the things Mr. Hayes said:

Of course, religion is the one essential industry in the world, but really as these weeks go by, I am beginning to doubt maybe the post office service is the one great industry.

The postal service is the most important business in the world. With its magnitude and complexity we are almost staggered. We handle 1,700,000 letters every hour, 14,000,000,000 postage stamps are sold every year, also 1,250,000,000 postal cards, and 2,700,000,000 stamped envelopes.

The rural delivery serves 6,500,000 families, and every day the rural carries travel 1,170,000 miles on their route. In tying up the packages of letters the postal service uses 800,000 miles of twine annually—enough to encircle the earth thirty-two times.

The President of the American Railway Express sat in our office the other day talking over the problems of parcel post, and I said to him, "How many packages are you going to ship this year in your greatest-in-the-world express company?" He said, "400,000,000 packages. How many are you going to have in the parcel post?" I replied, "2,600,000,000."

We spend \$600,000,000 a year of the tax-payers money—far and away the biggest business in the world. The annual turnover in the post office department, which measures any business, the in and out, is \$3,000,000,000 a year.

It requires 6,500,000 pounds of paper in manufacturing postal cards. The enormous sum of \$1,500,000,000 is issued in money orders annually. There are 500,000 depositors of postal savings, larger than any banking institution existing. Their deposits amount to \$153,000,000. The postal establishment operates its railway mail service over rail trackage long enough to encircle the earth ten times. The railway mail service uses 65,000,000 mail sacks in which to carry the mail. The ink used annually in the postal service approximates 100,000 pints; and it takes 130,000 pounds of blotting paper annually to blot this ink. The pin cushion of the postal service is kept filled from 5,200,000 boxes of pins annually. There are 1,500,000 lead pencils and 5,000,000 pen points used annually.

**DRUNKEN MAN BITES POLICEMAN ON LIPS**

Springfield, Ill., Nov. 19.—A vicious kiss on the lips of Policeman Kiser of this city today sent the policeman to the hospital and Arthuridez the kisser to the city prison. Observing the unsteady gait of Deez, the policeman notified him he was under arrest. Without a protest Deez smiled and stretched out his arms, the policeman said. His apparent affection threw Kiser of his guard. In an instant the man thrust his face against his, he said, and with a vicious bite pierced the policeman's lower lip there.

He is now held on charges of unlawful possession of intoxicating liquor; and resisting an officer. Deez said he lived at Lake Park, Logan county.

**MANY LAWYERS ARE ADMITTED TO PRACTICE**

Manila, P. I.—(By A. P.)—One hundred and fifty-six more lawyers, including three women, were authorized recently by supreme court to enter practice in the Philippine Islands. Out of 360 candidates who took the examination before the court, 156 passed.

**SHIPPED A LOAD OF HOGS.**

W. E. Rexroat residing in the vicinity of Litterberry, recently shipped to St. Louis a load of hogs of his own feeding. For the lighter ones he received \$7.25 and for the heavier, \$6.95.

**TO HELP DURING THE HOLIDAYS**

In order to have plenty of help during the holidays, Louis Horen, has sent for his friend, Nat Gordon of New York City to assist him. The gentleman is expected here shortly and is an experienced salesman.

**ALSEY SCHOOL HEAD VISITS HERE**

W. E. Mann, head of the Alsey schools, was in the city yesterday, and reported that at a box social held in the school, over \$50 was cleared for the use of the school. It will be applied to purchase of a piano.

Word was received Saturday of the birth of a son to Mr. and Mrs. Clyde Hembrough of Greenfield. It is the third son born to them. Mrs. Hembrough was formerly Miss Hildegarde Rose, daughter of Mr. and Mrs. Charles A. Rose of this city.

## REV. C. L. STORRS REACHES CHINA

A letter received from Rev. C. L. Storrs, so well remembered here by many as the nephew of Prof. H. E. Storrs and a missionary to China, set sail a few weeks since for his far away field of labor after a furlough of a year spent in this country. Of 183 passengers on the steamer on which he and his family sailed from San Francisco, there were 120 missionaries so he said the smoking room and bar were patronized but little during the voyage.

He wrote at the mouth of the river on which Foochow is located waiting for a small steamer to take them to the city named. There is Mr. Christian, the missionary supported by the Congregational church of this city. At Foochow they will have to take tedious voyage up the Min river which is navigable only for boats

drawing the least possible depth of water. Sometimes the men propelling the craft have to wade and push it, sometimes they draw it with ropes as they walk along the bank and in various ways manage to make slow progress.

The boats carry but a few passengers and generally the men propelling them have families living in the rear end in a place little larger than a bed quilt while the passengers have to dispose of themselves at night the best they can.

Generally two or more boats go in company and at night they tie up while the men camp in one of them and the women in the other. The voyage to Shaowu, Mr. Storrs' station, takes about two weeks. The first day or two it is quite romantic, but gets monotonous as the voyage is prolonged for days.

## J. W. HALL SUFFERS INJURY TO HAND

J. W. Hall of Hall Brothers Implement store, painfully injured his right hand yesterday afternoon, while working on a gas engine. His hand became caught in the moving part of the machinery, badly lacerating two of the fingers.

Dr. Reid gave the necessary medical attention, but it will be some time before the hand will be fit for use.

**CARD OF THANKS**

We desire to express our many thanks to the friends and neighbors for their kindness during our recent bereavement and also for the beautiful flowers.

Reuben Davis and Children.

Dr. Swops of Arezville was a professional visitor in Jacksonville Saturday night.

## EMPLOYEES GIVE IMGRUND PRESENT

George W. Imgrund, foreman of the C. P. & St. L. shops here, was presented with a gold watch, chain by the employees yesterday afternoon at 4 o'clock. Mr. Imgrund is to leave the city soon for Los Angeles, California, and the chain was presented as a token of esteem and friendship.

Charles Cobb presented the taken with a few well chosen words. Mr. Imgrund thanked the men, and invited any of them to come and see them if they ever came to California.

Mr. Imgrund has been in the service of the C. P. & St. L., in Jacksonville for twelve years, and is a man respected by all who know him.

W. E. Douglas of Franklin was one of the city arrivals yesterday.

**"WEALTH"**

By Cosmo Hamilton—Photoplay by Julia Crawford Ivers

It's a Paramount Picture

She married a rich man, thinking to end her struggles. And she found she had married his rich family, who hated her.

Not until she gave up wealth and luxury did love and happiness come to her. But then—

There's excitement and joy in every scene of it.

A drama of the carefree life of New York's Greenwich Village. Of the mad, futile life of New York's millionaires.

Friday and Saturday

Albert E. Smith Presents

**Corrine Griffith in**

**Moral Fibre**

For five years Marion Wolcott cherished the thought of revenge.

She had taken an oath in childhood and she felt duty bound to fulfill her promise. She prepared for the part with a large wardrobe and a finished education.

She had her prey in her web and was ready to spring upon it when the great truth dawned upon her and she was powerless.

The story is told in a stirring manner.

The story of a young girl's fight against the false standards of a society Which places wealth and social position above love and happiness.

**MAY McAVEY**  
in  
**"Everything for Sale"**

**"Just a Dove Nest One Could Call Home."**

What really counts in life?

True love in a cottage—or rich jewels, and luxury and love that is purchased as a chattel?

Sometimes a young girl finds it hard to decide.

Helen Wainwright is a young girl who has been given a conventional, finishing-school education and is now expected, by her worldly minded aunt, to make a rich marriage with Lee Morton, a hard young millionaire who believes, with Mrs. Wainwright, that money can buy anything he wants. He wants Helen. At first the girl is somewhat dazzled by his attentions, but soon realizes that she does not really love him, but her childhood pal, Donald Scott, now a poor young architect. Helen's fight to give her heart where she chooses rather than sell it in the marriage market makes a story of strong dramatic appeal.

**Admission 20c and 10c Plus War Tax**

**WEDNESDAY**  
HERBERT RAWLINSON, in  
**"THE MILLIONAIRE"**

Jack Norman's mother was once loved by Silas Gyde, multi-millionaire, so Jack, going home after being fired from a book-keeper's job, reads of the rich man's death, learning that he, a twelve-dollar-a-week man, is the heir to the miser's eighty millions. A black hand gang killed Gyde because he refused to pay them tribute, and the gangsters send Jack the same demands and threats. Jack is doubly brave, because his girl thinks wealth will weaken him and refuses to marry him till he proves that it won't. Underground passages, secret apartments, tenements and fine hotels—all are woven into a chain of thrills.

Admission—10c and 5c—Plus War Tax

**THURSDAY**  
A Wonderful Sea Story  
DUSTIN FARNUM, in  
**"THE DEVIL WITHIN"**

Dustin Farnum is seen in "The Devil Within" as a ship master who absolutely disregards human life and feeling. He ruthlessly confiscates from a savage tribe a sacred idol, and from that time bears a curse hurled at him by a native witch. After trying to settle down to a normal life he finds one misfortune after another befalling him. His ultimate happiness is won by the payment of a heavy penalty in grief and remorse. The moral of the story is self-evident.

## First National Business Reports

A Wire From Syracuse, N. Y.

Associated First National Pictures, Inc.

6-8 West 48th Street, New York City.

"My congratulations on 'Man-Woman-Marriage.' It is the greatest box-office attraction, smashing to smithereens past performances of record attractions of the Syracuse Strand. It is a woman's picture from every angle, and greatly pleased my audiences. My congratulations to Allen Holubar, Dorothy Phillips and the officers of the First National for putting out such a picture."

Edgar L. Weill, Manager, The Strand.

A Report From Indianapolis, Ind.

Man-Woman-Marriage played a week's advance run at the Circle Theatre, Indianapolis, one of the biggest theatres of the country. It began by breaking all attendance and box-office records on the first day. Crowds jammed the theatre and lined up in the street outside. Throngs struggled to gain admission all day. At closing time there were so many clamoring to get into the theatre, that an extra midnight performance was held to accommodate them.

Associated First National Pictures, Inc.

On account of Tuesday being \$1.00 day in Jacksonville we are going to play this \$1.00 attraction at bargain prices—11c and 35c—tax included, for this engagement of 4 days—Monday, Tuesday, Wednesday and Thursday, November 21, 22, 23, 24. Time of shows

#### POLICE RECOVER STOLEN GOODS

BLOOMINGTON, Ill., Nov. 19.—Approximately 1,000 worth of fireworks, tobacco and clothing, stolen from Chicago & Alton trains within recent months, was found by sheriffs deputies and city police here this afternoon, when they invaded the pool room of Earl Nowatski, in a search for illicit liquor. Nowatski was placed under \$1,000 bonds to await preliminary hearing before Police Magistrate De Pew Tuesday afternoon.

#### WILL ABOLISH JAZZ MUSIC AT U. OF I.

URBANA, Ill., Nov. 19.—Illinois deans of women at a conference here today adopted resolutions to try to abolish from dancing parties "jazz music of the objectionable type," to conduct dances according to the rules of the American National Association of Masters of Dancing, and to provide at parties such adult companionship as would be agreeable and helpful.

#### DEPLORES PASSAGE OF RAILROAD RATE BILLS

WASHINGTON, Nov. 19.—Enactment of Caper or other bills withdrawing from the interstate commerce commission control over state rates would result in guerrilla warfare among the states on rate questions, R. A. Scandrett, counsel for the Union Pacific lines told the senate interstate commerce committee today.

John Groves is here from Springfield to spend Sunday at the home of Mr. and Mrs. J. W. Clary.

#### HENRY FORD SAYS DEAL FOR MUSCLE SHOALS ASSURED

Says If They Can't Beat  
Chile They Should  
Quit

(By The Associated Press)  
NEW YORK, Nov. 19.—"You bet, it's going thru," Henry Ford said today, regarding his proposal to buy and lease the Muscle Shoals, Ala., nitrate and water power projects. The terms, he added, were up to the government. Mr. Ford, who conferred here today with Thomas A. Edison regarding the Muscle Shoals project, was asked if they proposed to compete with Chile in the production of nitrates.

"If we can't beat the Chileans, we ought to quit," he asserted. Referring to his visit to Washington yesterday when he conferred with Secretary Hoover regarding Muscle Shoals, Mr. Ford said he also had a conference with President Harding and at that time had offered to buy for junk, battleships scrapped by the government as a result of the arms conference. He added that the president had enjoyed a hearty laugh.

Before leaving for Detroit, the automobile manufacturer mentioned that he went to the bedside of Secretary Weeks who was ill late last night in Washington and placed before him the proposition to take over the Muscle Shoals property. He declined to say whether they had reached any definite agreement.

He also presented to Secretary Weeks his proposition to buy scrapped battleships for use in making automobiles and trucks. Mr. Ford said he would leave it to the experts to figure how much horsepower could be developed and the amount of nitrate it would be possible to produce at Muscle Shoals. That would be determined, he said, at a time and Mr. Edison with technical advisers had inspected the property.

#### SOCIALISTS FACE JOBLESS PROBLEMS

Stockholm.—(By The A. P.)—Chief among the tasks confronting Sweden's Socialist cabinet, which assumed office in October is that of solving the unemployment problem brought about by the general economic depression of the country which began last summer while the first Socialist cabinet was in power. It has been estimated there are about 120,000 persons out of work in the kingdom.

Leaders of the unemployed have already announced intentions to press the government for action in favor of extension of government support and to urge with all their might substantial increase of the daily sum now allowed by law to each individual who has not steady employment.

Premier Branting and his colleagues are also facing a difficult budget question. Experts say that unless the new cabinet agrees to a general and radical reduction of salaries now being paid to state employees there soon will be a deficit which would be difficult to cover even by means of loans.

Sweden's first Socialist cabinet took office in January, 1921, and continued in power until October last year when it resigned.

#### SHIP BUILDING SHOWS DECREASE

London.—(By A. P.)—Shipbuilding returns for the quarter ended September 30, issued by Lloyds Register indicate that the shipbuilding industry is slackening up considerably.

For the quarter, 3,232,472 tons of British merchant tonnage were under construction, or 247,000 tons less than the previous quarter and 448,000 tons below the tonnage building 12 months ago. The figures for the quarter, however, include 731,000 tons on which work has been suspended and 457,000 tons delayed in completion.

The tonnage commenced during the quarter only amounted to 51,343 tons or a decline of 455,000 tons on the corresponding quarter last year, which, the report says "is perhaps the most significant figure in the return as indicating the very unfavorable outlook for the immediate future."

The total tonnage building abroad is given as 2,250,000 tons including 375,000 tons upon which work is suspended. The countries where the largest amount of work is suspended are Italy and the United States.

#### ASK GOVERNMENT TO GIVE THEM SALARY

NEW YORK, Nov. 19.—Workers in the New York navy yard passed resolutions at a meeting today, asking congress to give a year's salary to all employees who have been in the yard more than a year, should they lose their jobs through suspension of work upon agreement of the arms conference. The gathering was held under the auspices of the navy yard retirement association.

#### SIOUX CITY PACKING EMPLOYEES ACCEPT CUT

CHICAGO, Nov. 19.—Announcement that the Sioux City, Ia., employees of the Cudahy Packing company, had decided to accept a wage reduction similar to that accepted by Armour & Co. and other packing house workers in Chicago was made here today by the company, through C. A. Stewart, plant support.

Sofia.—(By The A. P.)—Ivan Vazov, Bulgaria's national poet, has just died here. One of his poems was dedicated to the late Theodore Roosevelt.

#### FIRE DESTROYS WOOLWORTH STORE

Calgary, Alberta, Nov. 19.—A fire which swept the Woolworth store and Royal Bank building was brought under control here this afternoon after doing damage estimated at \$200,000.

Woolworth's store building and entire stock are a total loss. The upper floor of the Royal Bank building including numerous offices of physicians, surgeons, dentists, stock brokers and other business concerns was badly burned.

#### KILLED IN FALL DOWN ELEVATOR SHAFT

Davenport, Iowa, Nov. 19.—Walter C. Grant, vice-president of the Montgomery Elevator company, Moline, Ill., was killed instantly today when he fell 16 stories in the elevator shaft in a Moline bank building. The expert was inspecting an elevator and failed to notice another descending car which struck him and broke his hold.

#### ARREST 23 IN LIQUOR RAIDS, SKIDDOO

Aurora, Ill., Nov. 19.—Twenty three men were arrested and fifty quarts of whisky confiscated today when thirty agents from the federal prohibition director's office in Chicago raided thirteen saloons here, under orders from Washington to investigate charges that wounded soldiers in a hospital at—Mooseheart, Ill., were being sold liquor.

#### GENERAL PERSHING IS NOW BIG CHIEF

Washington, Nov. 19.—General Pershing hereafter will be known to members of the Sioux Indian tribe as "Brave Chief." The name was given him at a council of Sioux Indians at the Rosebud Reservation on Armistice day and was formerly communicated today to General Pershing's office in the war department, by Commissioner Burke of Indian Affairs.

#### TOO MUCH LIVING IS MAIN TROUBLE

Mooseheart, Ill., Nov. 19.—Too much living may have something to do with the high cost of living, Secretary of Labor James J. Davis intimated here today in making public bureau of labor statistics showing that the average American eats over a ton of food a year.

#### ONE KILLED IN CROSSING ACCIDENT

CHICAGO, Nov. 19.—One man was instantly killed and two others were seriously injured this afternoon when the automobile in which they were riding was struck by a Soo Line train at Des Plaines, Ill. The men were going to Des Plaines to appear as witnesses in an automobile case.

#### STATE LETS MORE HARD ROADS CONTRACTS

SPRINGFIELD, Ill., Nov. 19.—Contracts for the building of \$9 and 1-3 miles of hard road were let by the state department of public works and buildings today at an average cost per mile of \$27,716.45. Bids on approximately six miles in Henry county, were rejected and re-advertised for new bids to be opened November 25.

#### JAPAN IN EXPRESSION OF SYMPATHY

(Continued from page 1)  
government had no desire to interfere, much as it desired to see China's peace and unity, firmly established.

Speaking for Great Britain, Mr. Balfour reaffirmed adherence to the open door and the policy of Chinese territorial integrity and said his government was ready to consider relinquishment of extra territorial rights in China, "when circumstances warrant." For France, Premier Briand declared himself disposed to consider China's declaration of principles in the most favorable light, although details remained to be examined.

Italy's readiness to help in the tree development of China was voiced by Senator Schanzer and there were general expressions of friendship and interest in China by Baron De Cartier for Belgium, Viscount DeAlte for Portugal, and Johnkher VanKarnebeek for the Netherlands. The American delegates made no statement, the views of this government having

been generally indicated by Secretary Hughes when China presented her ten points at Thursday's session.

#### USPEND MEN WHO DID NOT RETURN TO WORK

Pittsburg, Kansas, Nov. 19.—Representatives of the International Mine Workers Union today suspended from membership all striking miners in the Kansas coal fields who have failed to return to work and sent a communication to President John Lewis stating that Alexander M. Howat's fight on the Kansas court of industrial relations has not been a genuine effort on his part to have the law knocked out.

The communication to Lewis recommends that an immediate effort be made to oppose the law by a campaign of publicity.

Des Moines, Iowa, Nov. 19.—K. Lemke of Kansas City leads the field in the singles at the opening today of the eMiddlewest Bowling Association tournament with a total score of 579, while W. Richter and J. Pebley, also of Kansas City were leaders in the two man event with a score of 1151.

#### FORMER PEORIA MAYOR ASSAULTED

Peoria, Ill., Nov. 19.—Warrauts charging assault and battery were sworn out today against Jule Robinson, supervisor of Richwoods township, by his grandfather, Leslie Robinson, 87, former mayor of Peoria, as the result of an attack alleged to have been made on the elderly man.

The assault followed an unfounded rumor according to the former mayor that he had married a woman many years his junior. Mr. Robinson is said to be the oldest lawyer in the state. He was a contemporary of Lincoln.

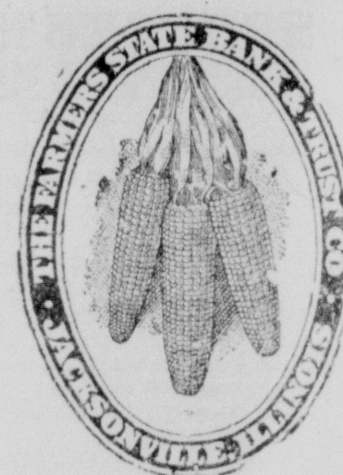

#### TORNADO KILLS FOUR IN MISSOURI

Poplar Bluff, Mo., Nov. 19.—The number of persons killed by a tornado which last night swept over Butler county and adjoining region is now known to be four.

Reports from Piedmont, in Francois county, state that part of that town has been inundated by backwater of creeks swelled by the heavy rains.

Residents trapped in their homes had to be rescued by boats.

## ORTONVILLE WOMAN MET SUDDEN DEATH

Mrs. J. R. Kent of Nortonville had a heart attack and died in her home.

Mrs. J. R. Kent of Nortonville died very suddenly as the result

of heart disease late Saturday afternoon. Mrs. Kent had gone to the yard and a little later when she was missed from the living room members of the family went in search and found her lifeless body not far from the kitchen doorway. Mrs. Kent was known to have a heart ailment but had seemingly been in her usual health.

The deceased is survived by her husband and the following children: Mrs. G. L. Riggs and Everett Kent of Jacksonville; Mrs. Alma Foreman and Press O. Kent of West Union, Ill.; Misses Elsie and Dale Kent of Chicago, and Elmer Kent, living in Oklahoma.

Mrs. Kent had been for years a member of the Christian church and her life was in every way exemplary. Her sudden death has brought great sorrow to members of the family and to her wide circle of friends.

## CANCER WEEK WIDELY OBSERVED

Interest and Cooperation Brought Wide Spread Dissemination of Reading Matter.

Unfavorable weather interfered to some extent with the cancer week educational program campaign in Morgan county. The committee has arranged for physicians to present the cause in every school in the county outside of Jacksonville last Wednesday. Because of road conditions a few postponements were necessary, but these delays visits will be made in the course of the next few days.

In many of the schools parents were present to hear the physicians talk and in all the pamphlets giving facts relating to the disease were distributed. During the week 10,000 pieces of literature were distributed and it is estimated that at least 2,000 homes were reached in this direct way.

The cause was also presented in all the schools and colleges of Jacksonville. Today information with reference to the disease will be given by ministers or physicians in pulpits of practically all the churches in the county, and the vital subject will be mentioned by the superintendents of Sunday schools. The physicians of the county joined heartily in this campaign of education, thirty three of them taking part.

## CELEBRATES HIS 80TH BIRTHDAY

Prof. H. E. Storrs, now of Los Angeles, California, recently celebrated his 80th birthday. He received the congratulations of many friends made by him in the metropolis of southern California. Owing to the illness of his wife, who is suffering from a stroke of paralysis, he was unable to make as much of the occasion as he would otherwise. He is yet quite strong and attends to a great deal of business. He has demonstrated the fact that there is in his city one honest real estate dealer and lawyer, something said to be scarce in that region as to put up in a glass case and shown as a great curiosity.

## UNION LABORERS OUT OF WORK

Manila, P. I.—(By A. P.)—There are at present 15,397 union laborers out of employment in the city of Manila, according to statistics submitted today to the secretary of commerce by the director of labor. The total number of union laborers in the city is 46,743, according to the director of labor, showing that approximately one third of those affiliated with unions are out of work. It was stated that no correct statistics had been assembled of the number of unemployed who are not members of a labor organization. The population of the city is approximately 300,000.

## WILL RUN HOME COMING EXCURSION NOV. 23

## ROUND TABLE HELD MEETING SATURDAY

Interesting Session Held at Woman's College — Will Furnish Dining Room at Tuberculosis Sanatorium.

The December meeting of the Domestic Science Round Table of the Jacksonville Woman's club was held at 2:30 o'clock yesterday afternoon in the social room of the Illinois Woman's college. At the business meeting held previously to the program, Mrs. J. J. Reeve, chairman, presided. Mrs. E. E. Severn, the treasurer, gave a most gratifying report of the club's finances. The chairman announced the receipt of a check for \$100, the gift of Mr. Vincent Riley; this money to be used through the Round Table in furnishing a room for the Tuberculosis sanatorium. A vote of thanks was extended to Mr. Riley for his generosity.

On a motion made, the club voted to subscribe \$10 toward the Budget campaign now in progress.

The question of the Round Table furnishing a room at the Tuberculosis sanatorium was also discussed and it was unanimously carried that the club furnish a room; and being a domestic science club, preferably a dining room; and it was found that, as the dining rooms had not been spoken for, the club could do this and the chair was instructed to appoint a committee for raising this \$100.

Mrs. A. L. Adams, a vice president of the Morgan county Anti-Tuberculosis league, was present and addressed the club, telling what had so far been accomplished. Mrs. Adams expressed her pleasure in the progress that the league had been able to make with the help of the different organizations. Sixteen different societies have contributed \$100 each, so they can see the lower floor furnished and the upper floor well started. Mrs. Adams said there were more than sixty young ex-soldiers in this vicinity who have come back and who need this care. Mrs. Adams very fittingly ended her remarks by reading the poem, "The Unknown," which was published in most of the great metropolitan papers of the country, and we are especially proud of it as it was written by Miss Margaret King Moore, and is one of the most beautiful of the many good things written by Jacksonville authors. Miss Moore was a Y. W. C. A. worker in France during the war, and the sentiment expressed comes from the heart. The poem is indeed a literary gem.

At the conclusion of Mrs. Adams' talk, Miss Grace Terhune, of the Woman's college, sweetly sang "Make Me a Song," by Henry Hadley and Miss Christine Cotner delighted her audience with a violin solo, "The Serenade," by G. P. Pierre.

Miss Grace Tickle, teacher of Domestic Science at Illinois Woman's college, was next on the program and gave a very interesting and instructive talk on "The Business Side of Housekeeping." Miss Tickle emphasized the fact that our problems arise from the mis-use rather than from the lack of income. Very few of us, are able to satisfy all our material desires and we are inclined to satisfy the desire uppermost, regardless of the importance of the others. Conducting a home in the most efficient manner demands training as in any other work. The art of spending consists of how to live better and save more and get more out of your income. It is not the amount of your income but what you get out of it that counts. We must have some definite purpose some plan in order to make a success and a joy out of living. Home-making is a business in which the head as well as the hands should do its part in earning your money.

At the close of Miss Tickle's remarks, Miss Helen Merriman, director of Household Arts, presented a one-act play entitled "A College Clothes Line." This little comedy brought out more clearly the value of spending wisely on the family wardrobe as well as other family needs and living models were used to demonstrate a number of economical suggestions carried out in the wardrobe.

The club is indeed indebted to the college for the use of their beautiful room and to the teachers and pupils for their work and their time.

Mrs. George Fuhr was chairman of the social hour which followed the program. Mrs. Fuhr was assisted by Mesdames A. L. Adams, Charles Ator, E. D. Cantor, J. F. Claus, Jeffrey Cleary, W. H. Cocking, W. H. Cogswell, Ralph Cowger, Houston Cowger, James N. Conover, A. A. Curry, E. E. Curry, Walter Crawford, Lucy Davis, John R. Davis, Mary Degen, Hattie Doyle, W. D. Doyle, A. R. Eyre, T. A. Eby, William Floeth, Pearl Gause, M. E. Gilbert and the Misses Ann Frances Bradley and Viola Davis.

During the social hour, refreshments were served.

## THE COUNTY HOME REPORT

The grand jury report on the condition of the Morgan county home was made by the following committee: Edward F. Joy, Zed Bell, J. W. Covey, Carl York, W. E. Houston and W. E. Barrows. In previous mention of the report a complete list of the committee members was not given. The inventory should also have shown 2,000 lbs of flour and 250 chickens.

## OYSTER SUPPER IS GIVEN AT MANCHESTER

Worth While Girls of Baptist Church Cleared Neat Sum Saturday Night—Other Manchester News.

Manchester, Nov. 19.—The Worth While Girls of the Baptist church gave an oyster supper in the Robinson building on the square Saturday evening. The bad roads kept many who live at a distance from attending but the attendance was good and the patronage very liberal. The young women realized a very nice sum to be added to their treasury box. The box supper which was to have been given at the Garner school Friday night was on account of the rain postponed until Monday night.

Mr. and Mrs. Guy Brown of Jacksonville visited friends here Thursday.

Mr. and Mrs. Jess Greenwood and Mrs. John Patterson spent Thursday with friends in Jacksonville.

Eugene Rochester arrived Saturday for a week's visit with home folks. The young man is engaged in teaching school at Union, Ill.

Roy Lakin and Clyde Stanley returned Thursday from a three weeks' visit in the west. They visited Colorado, Kansas, Oklahoma and other western points.

Mrs. William Arendell is confined to her home by illness.

Roland and Garvin Day of near White Hall are visiting their grandparents, Mr. and Mrs. James Garvin, west of town.

Mr. and Mrs. M. L. Robinson visited friends in Murrayville Saturday.

Howard Langdon returned Saturday from a business trip to Canada, Texas. Mr. Thomas, who also made the trip to the south, stepped over in St. Louis for a visit.

District Evangelist D. C. Linton will preach at the Methodist church Sunday evening instead of tomorrow evening, as originally announced.

## D. C. CARSON HURT IN AUTO ACCIDENT

Jacksonville Man Suffers Broken Broken Leg and Other Injuries — Is Now in a St. Louis Hospital.

D. C. Carson, a long time resident of Jacksonville, was seriously injured in an automobile accident near St. Louis yesterday. A car in which Mr. Carson was riding came into contact with a truck and he was thrown out of such a way that one leg was broken and he was otherwise injured.

He was taken to Josephine hospital in St. Louis and will of necessity be a patient there for a number of weeks. The general details of the accident were received yesterday by William Carson, a nephew of the injured man.

The groom is one of the employees of the Bantz cafe, and both he and his bride are well known here. They will make their home in this city and will have the best wishes of a large circle of friends.

## WEATHERFORD COMES OUT FOR TREASURER

Children of the American Revolution, 2nd and 3rd divisions will meet at the Gov. Joseph Duncan Memorial on Saturday, Nov. 26, at 3 p. m.

## WEATHERFORD COMES OUT FOR TREASURER

Sheriff W. H. Weatherford made known the fact that he will be a candidate for nomination for the office of Assessor and Treasurer on the Democratic ticket at the primary in April.

For the last three years Mr. Weatherford has been sheriff and has at all times been energetic in the discharge of his duties. His friends no doubt will give him their warm support, for they feel that in their opinion he has fulfilled the duties of his present office to the best of his ability and that if elected and elected to the office of Assessor and Treasurer the same can be assured.

## BUDGET CAMPAIGN WILL BE CONTINUED

Committee Asks Workers to Stick Until Job Is Completed—More Pledges Needed on Deferred Payment Plan.

United Budget Campaign  
Total No. pledges, \$1677  
Amount subscribed, 7124.87  
Paid in cash, 6249.17  
Budget total, \$12,500.00  
Subscribed, 7,124.87  
Funds still needed, 5,375.13

Saturday was originally intended for the final day of the United Budget campaign. However, the executive committee determined that the work shall continue during the early days of the coming week, and workers are urged to remain within the organization and to complete their canvasses.

The number of pledges received Saturday was 469, amounting to \$1,594.70. Of this amount, the cash received was \$1,131.46. These pledges made the total for the week 1,677 and the amount subscribed \$7,124.87.

The comment has been made before upon the large percentage of cash and the records show receipt of \$6,249.17, less than \$1,000 of the total contributions in pledges.

Bad weather interfered very materially with the canvass and the further fact that the quota has not been reached influenced the committee in determining to continue the work of solicitation. In a campaign of this kind there are always persons who are willing to give but who are missed by the solicitors. Such persons are earnestly invited to voluntarily call at the headquarters in the Chamber of Commerce rooms and make their subscriptions.

The case is unusual but the committee feels that the community has been too generous with cash and not generous enough with time pledges. The sum total in this way falling short of the amount needed. The committee therefore earnestly hopes that many of those who have already pledged will voluntarily increase the amounts, and others who have not signed cards will do so.

Payment of pledges at this time is not at all necessary and pledges will fully meet the needs of the situation if they are made payable six or nine months in the future.

It is unnecessary to again comment upon the need or the fact that the quota for each organization was fixed at the amount which is really necessary for carrying on the work.

A number of ladies of the Congregational Guild held an enthusiastic meeting Friday afternoon at the home of Mrs. Abner Hall on South Diamond street. The ladies spent the afternoon sewing for their Gift sale which is to be held November 30th.

Clover Leaf People

Had Banquet Last Night  
A delightful supper party was given last evening by the claim department of the Clover Leaf Casualty company, in the club room of the Booster Girls club of the firm. This is another of the sappers given by the different departments to see which group can serve the best menu for the least expense. There were about sixty persons present, and all enjoyed the social time after the meal.

Senior-Sophomore Party

At I. W. C. Last Evening.  
The Senior-Sophomore party at I. W. C. was given last evening in the college gymnasium. Each year the Seniors entertain the members of their sister class, the Sophomores, and last evening's affair proved to be one of the most delightful of the college social calendar this year.

The hours were from eight o'clock on and dancing was the order of the evening. A five piece orchestra furnished excellent music and a program of fifteen dances was carried out. The gymnasium had been attractively arranged for the occasion with floor lamps, easy chairs and day-ports. Delicious refreshments were served in the course of the evening.

Miss Mildred Mayer as president of the Senior class was in charge of the party. She was assisted by a refreshment committee which included Misses Marian Munson, Mary Ellison and Hildreth Ashwood. Miss Margaret Marker arranged for the music and the following girls were on the decoration committee: Miss Viola Langerich, Estelle Cover and Gladys Laughlin.

Mrs. Hanson Hostess

To Unity Workers.  
Mrs. Charles Ranson was hostess to the Unity Workers of Woodson Presbyterian church, Thursday, Nov. 17th., at 2:30 p. m. Thirty five members and friends met at the beautiful country home of Mr. and Mrs. Ranson. After the Devotional exercises a few minutes was given over for business. A new committee was appointed for December and January. Miss Jane Irlam, chairman, helpers Mrs. William Rook, Mrs. James Devore, Mrs. Ida Butler, Mrs. William Colton.

A program was given as follows:  
Reading, by Mrs. William Colton, "Thanksgiving Dinner"; Duet, Mrs. William Russell and Mrs. Hoagland; "Sowing Precious Seeds" by two little girls; Recitation, by Dora Elaine Steinmetz; Vocal solo, by Mrs. Charles Ranson, "Where Jesus Is Home to Me"; Recitation by Frankie Powell; Reading, by Mrs. Steinmetz, "God Bless the Little Churches"; Duet, by Mrs. Allan Russell and Mrs. Powell, "I Shall Be Satisfied." Remarks were given by Rev. Mr. Powell, which were appreciated by the society.

Mrs. Ranson gave several instrumental pieces of music on the piano and Victrola which were enjoyed by all.

The closing song, "To the Work," was sung by the members. A prayer by the president closed the meeting.

The hostess served delicious refreshments of ice cream and cake. A rising vote of thanks was extended to Mrs. Ranson for her kind hospitality and pleasant afternoon, which will be long remembered by the guests.

ENTERTAINS CLUB  
The Social Domestic club was entertained Friday afternoon at the residence of Mrs. Minnie Triplett on South West street. Notwithstanding the inclemency of the weather there was a good attendance of members and seven guests present. The following officers were elected: Mrs. Hester Brown was reelected president; Mrs. Pauline Moore, first vice president; Mrs. Katie Rhoads, second vice president; Mrs. N. J. Blue, secretary; Mrs. Nina Robinson, assistant secretary; Mrs. Triplett, treasurer; Mrs. Merriweather, chaplain; Mrs. Louisa Kirk, pianist. Refreshments were served by the hostess who was assisted by Mrs. Mary Robinson, Mrs. Jane Carter and Mrs. Hester Brown. The club adjourned to meet the 3rd Friday in December with Mrs. Nina Robinson.

The West Side Art club will meet Friday afternoon at 2:30 o'clock at the home of Mrs. Grant Weir, 614 South Fayette street, with Mrs. Weir and Mrs. Elizabeth Waggoner as hostesses.

## LOCAL C. OF C. IS DOING GOOD WORK

Many Matters of Local Interest Are Being Taken Up by the Organization—Housing Problem Is One of Them.

The local Chapter of Commerce has been doing work of valuable nature. This organization is finding out things and recording them so that in time citizens of Jacksonville will be able to put Jacksonville upon the map in a bigger and better way than ever before.

The Chamber is grappling with the problems that confront the city, thru its various committees. First of these is the housing problem. It has been found that 45 people are turned away from the hotels every night. The hotel committee has been working steadily and will doubtless have some plans to announce in regard to a new hotel within a short time.

The organization is also doing everything in its power to find homes for families coming to the city. A large number of temporary homes are being furnished, but due to present situations building projects are almost at a standstill, so there are but few new houses being erected.

The Chamber conducts a free employment agency, which finds positions for an average of two job seekers every day. The Chamber of Commerce rooms are

also of great service. They are used by many of the organizations of the city, the Boy Scouts, Woman's clubs, United Budget, etc.

## H. T. WHITE GOES TO NEW POSITION

Mr. and Mrs. H. T. White left yesterday for Charleston, where Mr. White has a most desirable position as teacher of science in the high school in that city. Mr. White, for a number of years, was managing officer of the State School for the Deaf and made many friends here. It will be a matter of regret that Mr. and Mrs. White are leaving the city but the west wishes of their friends will go with them for success in their new home. Mr. White's daughter is also a teacher in the Charleston high school.

HELD SUCCESSFUL MARKET

The ladies of the Sunday school class of the M. P. church in Concord held a market Saturday at Dorwart's amaret on West State street. The ladies had a quantity of fine home made pies, cakes, cookies, hot breads, pastries and preserved fruit for sale and all the articles were sold. Among those who aided at the market were Mrs. Frank Brown, Mrs. Otto Nickels, Mrs. Mary Brockhouse and Mrs. Roy Nickels.

## KNIGHTS OF COLUMBUS WILL INITIATE TODAY

Big Class to be Given the Degrees of the Order—Banquet Will Follow in the Evening

Jacksonville Council No. 868, Knights of Columbus, will hold their annual initiation and banquet today. Fifty candidates will be initiated some of them from Carrollton, Beardstown and Mt. Sterling.

At 9:30 this morning the Knights and candidates will assemble at the K. C. hall on East State street, to attend 10:30 mass at Our Savior's church. At 1:30 this afternoon the initiation ceremonies will begin at the K. C. hall and this evening at 7 o'clock the banquet will be served in Liberty Hall by the Catholic Ladies' Aid.

Sidney W. Ring, state treasurer, and his staff from East St. Louis will confer the third degree. At the banquet, Hon. Dan McGlyn, of East St. Louis, a widely known orator, will speak. Rev. Father Giensta of Waverly will make an address. Rev. Father Cahill of Jacksonville will be the toastmaster. The program for evening will also include some musical numbers.

## YANKS and LEGIONAIRES

Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines

There are 181 chaplains in the regular United States army. Armistice day in France will hereafter be observed on the Sunday following November 11. A new clubhouse of the British war veterans was recently dedicated and opened in New York City.

Soldiers in the American Army of Occupation in Germany are able to buy champagne at 60 cents a bottle. The first American Legion post to receive a charter was the George Washington post, at Washington, D. C.

The Stars and Stripes is the only flag in the world which does not dip before the head of a state, a king, or a president. Sir William Robertson is said to be the only officer in the British army to start in the ranks and be elevated to that of Field Marshal.

Work done by the American Red Cross among disabled veterans of the world war now involves an annual expenditure of ten million dollars.

Tracts of land in Wyoming, aggregating 3,292 acres, will be thrown open to entry by ex-service men for 63 days from December 30 of this year.

The American Legion has 765,739 members in 10,830 posts in the United States. Posts outside of this country are represented in twenty-one foreign lands.

Marshal Ferdinand Foch, of the French army is 70 years of age. This distinguished commander was a private in the Franco-Prussian war.

The first rabbi to serve as a chaplain in the American navy, was Rabbi Davis Goldberg, appointed October 30, 1917 with the rank of junior lieutenant.

Out of a total of twenty-eight sentences of death imposed in the American expeditionary forces during the World war, only nine actually were carried out.

The sum of \$1,348,000,000 was spent in the United States last year for armament. The appropriations for the army and navy this year amount to \$1,422,752,000.

Of the brides of American soldiers abroad during the World war whose nationalities were recorded, 2,295 were French, 1,001 British, 79 Belgian and 31 were German.

The three heroes of the United States army who won high honors and distinction during the World war, are Sgt. Samuel Woodfill, Sgt. Alvin C. York and Major Charles S. Whittlesey.

American soldiers who paid for the transportation of Europe, and brides to this country must stand the expense, and the government, it is ruled, will not reimburse the soldiers for such outlay.

Five hundred students of New York university have enlisted in the reserve officers' training corps. They form four infantry companies, a machine gun company, a one-pounder section and a band.

The proposed military air service of France will have more than 40,000 airplanes of different types. With this equipment the flying corps would be composed of 286 regiments, each of twelve squadrons.

In France, the victory medal, proposed by Marshal Foch and adopted by the peace conference, January 24 1919, will be awarded to all fighting military personnel and members of the military organization who lived habitually in the army zone.

Sgt. Encl Chambers of Post field, what officials say, is the record for high altitude parachute jumping when he leaped approximately 26,000 feet, 400 feet less than five miles from an army airplane. The descent took 18 minutes.

A fund is being raised by the council of the royal aeronautical society in London in memory of those who lost their lives on the ZR-2 and previous aircraft. With the income derived from the sum raised it is proposed to encourage investigation of problems connected with airships or allied subjects.

After thirty years' service, Major General Peyton C. March, chief of staff during the world war, recently retired from active service. Besides the distinguished medals awarded him by the war department, he has been decorated by Great Britain, France, Belgium, Italy, China, Japan, Rumania and Greece.

According to the tabulation of fighting ships of the world, Great Britain leads with 533 vessels with an aggregate tonnage of 1,860,480; the United States is second with 454 ships of 1,289,463 tons; and Japan third, with 99 ships of 528,689 tons. France and Italy hold fourth and fifth positions with fighting tonnage totaling 462,000 and 275,000, respectively.

Hanford MacNider, age 37, of Mason City, Ia. newly elected national commander of the American Legion was promoted from second lieutenant to lieutenant colonel during the world war. MacNider was wounded at St. Mihiel and holds the following decorations: Distinguished service cross and one cluster, chevalier de legion d'honneur, croix de guerre (five citations, five palms, one gold and one silver star), fourragere and the Italian war cross. He was given three citations in general orders.

## REPORT OF FAMINE RATHER FAR FETCHED

Associated Press Correspondent Tells of Conditions in Samara.

SAMARA.—(By a Staff Correspondent of The Associated Press.)—The whole truth about the famine becomes readily apparent after observation here. Reports of millions of people eating grass or lying in a dying condition on the banks of the Volga river or migrating en masse are rather far-fetched.

Entering the famine area the correspondent had provided himself with canned meats and hard bread but was not compelled to use any of it in the first two weeks of travel as food was always available at reasonable prices.

People do not die of hunger in one week. It takes months of underfeeding. Then they reach the point where they are unable to eat food at all. Their hands, feet and stomachs begin to swell or they succumb to an epidemic of malaria or else the new disease described as aneuria, a cure for which is known here. Or they may be killed by cold winds, snows, and rains which have been setting in for the past two weeks, with each hour taking a toll of hundreds.

The people of the provinces of Samara, Kazan and Simbirsk are in a starving condition. In these three provinces, there are probably 500,000 children and 1,000,000 adults who must die before Christmas.

The American Relief Administration is feeding barely 200,000 children but is giving no food to the adults. One of the best effects of its food distribution will be to cheapen prices and check the hoarding of foodstuffs.

The Moscow government appears to be unable to send food into this district owing to lack of money and poor organization. Also the typical Russian indifference to misery is evident.

The correspondent while sitting on the platform of a railway station throat a long, cold night, waiting for a train, saw a barefooted, little insane girl tripping along but the train hands and other refugees let her wander until she drifted past the Red sentry into a waiting room already filled to overflowing with several thousands of persons lying on the floor.

A member of the local Soviet who lived in the United States for seven years showed no pity but said: "Your foreigners do not realize how much our peasants can stand. They are used to starvation."

The famine area does not present a forbidding aspect, except in the fields from which no harvests were obtained. The meadows and grazing lands show many herds of horses and cattle. The villages seemed abnormally quiet, yet their workers were abroad putting in winter rye and wheat. To the visitor they made the customary charge that if it had not been for the Soviet requisition their crops would have been sufficient.

"Now our only hope for bread is America," they say, yet many say they must die by winter and accept their fate with stoicism.

"Why leave our homes and go to the railway stations?" they ask them when asked why they do not desert their land.

Medical conditions are distressing. The country doctors are unable to practice as they are without medicines and the situation is almost the same in the 15 hospitals of Samara. Dr. Glasson, the surgeon in one of these hospitals, having 180 patients said: "We have no quinine, no penicillin, no aspirin, no chloroform, nothing."

The same condition exists in the children's hospitals and also in the dozens of homes open for the care of refugees, for there are no sanitary arrangements. In one such home 300 children are crowded in two rooms, without blankets, fires or mattresses and without little or no clothing. Their only advantage is that they have a real roof over them and receive hot soup daily.

## BOTTLERS DRINK THE EVIDENCE

SPRINGFIELD, Ill.—(By the A. P.)—Sewers are safer than stomachs in which to hide stolen evidence, because they hold more—such is the moral of this tale. J. McLean and a companion, J. E. Anderson, were arraigned as bootleggers and released on bail of \$2,000 each. As they passed out of the courtroom they noted the evidence which had been taken to use against them, sitting temptingly near the door. They took it along.

Hours later a policeman aroused a man from a stupor in the B. & O. railroad station. Beneath the seat was a suitcase and in the suitcase was liquor. It all seemed strangely familiar to the bluecoat. His deductions were correct. His captive was J. McLean. Anderson was found

in a comatose condition near by. Considerable remained of the original evidence. It was still evidence and was locked away.

## WOULD PROHIBIT BULL FIGHTING

Mexico City.—(By The A. P.) Right on the heels of a vain attempt to make Mexico City "dry," comes another reform movement in the form of a petition presented to the Chamber of Deputies to prohibit bull fighting within the federal district, the center of which is Mexico City. The petition is said to have the support of several deputies.

### LITTLE INTEREST IN CON CON ELECTION

SPRINGFIELD, Ill., Nov. 18.—Three of the six vacant seats in the Illinois constitutional convention will be filled with apparently no contest in the special elections on January 23 and none of the candidates in the six senatorial districts has to go through a primary fight, on December 23.

When the last day for filing petitions passed only nine candidates had filed from the six districts. In the twentieth, twenty-second and forty-fifth, republican candidates have no opposition in either primary or election. One republican and one democrat has filed in each of the other three districts—the second, twenty-seventh and fortieth.

In the twentieth district, Charles D. Cary, republican, is the unopposed candidate for the seat made vacant by the death of the late Senator Edward C. Curtis of Grant Park.

B. H. Pinnell, republican, of Kansas, has a clear field for the seat of the late William H. Stewart of Paris in the twenty-second district, and in the forty-fifth (Springfield) district B. L. Catron, republican, is unopposed for the seat made vacant by the death of Clinton L. Conkling.

The lack of primary contests and democratic candidates in the three districts leaves the political complexion unchanged.

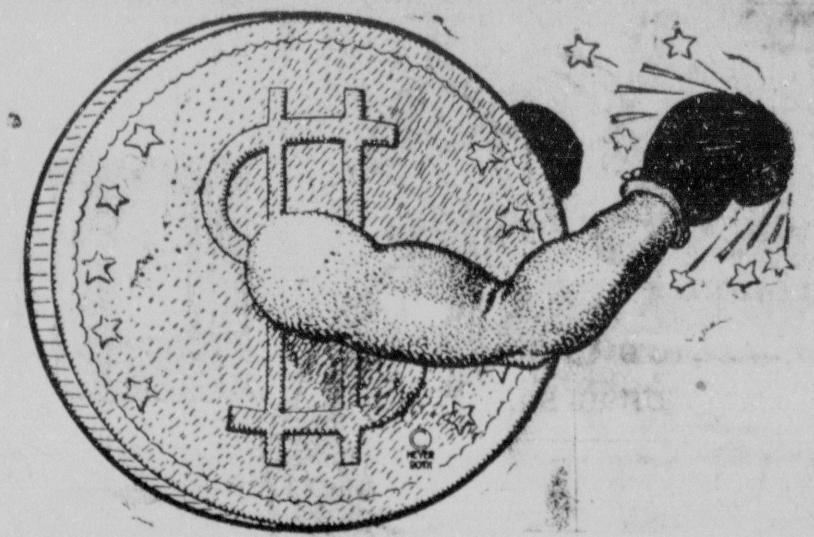

In the second (Chicago) district where the death of Michael F. Sullivan, democrat, left a vacancy, Abraham Yrno is the unopposed candidate for the democratic nomination. George W. Tebbens is the lone republican running for the place.

Joseph Parker, republican, defeated in the 1919 election for delegate from the twenty-seventh (Chicago) district, is a candidate again for the nomination to fill the vacancy left by the death of Edward J. Cororan, democrat. Stanley Adamkiewicz is the sole democratic candidate in the district, which was overwhelmingly democratic when the first delegates were elected.

Edward E. Adams, republican, of Taylorville and Francis M. Guinn, democrat, of Vandalia, have no opposition in the primary in the fortieth district. The vacancy in this district occurred when Delegate F. R. Dove resigned after his election to the circuit court.

The convention is to convene January 2, twenty days more before the six new delegates can take their seats.

### THE REASON WHY

No doubt with a higher market price on cotton products, many thoughtful people will wonder how we can afford to offer slashing reductions on seasonable merchandise. We are going to let you in on the real reason for this.

As most of you know we are allied with other store systems, owned and managed in the main by young men of ability and overflowing with pep and ambition. For a large number of these stores December means the first anniversary of successful retailing and a keen rivalry has arisen for first place in the volume of business transacted the first year.

We are determined to lead on this last lap and we're sacrificing profit to make more friends and win first place.

This amounts to a DISARMAMENT SALE with us—cutting down stock—silencing old H. C. L. Giving you a chance to fortify yourself against winter's bombardment, with considerably less tax on your pocketbook.

Better get in on this Conference.

## WEIGHTS AND MEASURES LAW SOON IN EFFECT

Is Most Complete Piece of Legislation Ever Written—State Will Test and Inspect Every Scale and Measure in State

SPRINGFIELD, Ill., Nov. 18.—Enforcement machinery for Illinois' new weights and measures law, one of the most complete pieces of legislation for state supervision ever written, is being rapidly whipped into shape by Fred Benjamin, superintendent of standards. The next few weeks will see state supervision smoothly at work with inspectors on the job to test every scale and measure in the state, Mr. Benjamin says.

Under the new law practically nothing sold by weight or measurement in Illinois escapes the scrutiny of state inspection. Broad powers of arrest and confiscation of faulty scales and measures are given the department of trade and commerce in which the state authority was placed. Cities of 25,000 population are required to maintain inspection departments under direct supervision of the state.

Illinois selected for its standards the weights and measures approved by congress in 1836 and 1866. Until the present law was enacted by the fifty-second general assembly state supervision

was more or less a hit and miss proposition according to Mr. Benjamin. There were state standards and requirements but they were loosely enforced. The legislature in 1913 passed a law authorizing counties to establish a system and supervise weights and measures but only nine of 132 counties took any steps to do so and the job was done in a haphazard manner, Mr. Benjamin added.

Illinois has a set of standard weights and measures by which all others in the state are tested and regulated. The state standards are to be tested every ten years by the federal government standards.

The state standards are kept under lock and key and are used only once a year when the office standards are tested by them. All inspectors' outfits are in turn tested by the office standards and the inspectors carry their outfits in their field work in every city, town and hamlet and cross roads store in the state. Coal, beans, gasoline, headache powders, prunes and cabbages are only a few of the commodities which must be sold according to standard weights and measures laid down by the state.

For the purpose of inspection the state has been divided into eight districts with an inspector in charge of each district. Inspectors in five of the eight districts have been appointed by Governor Small. They are:

District 2, A. N. Flikkema, of Morrison; district 4, J. Francis Buck, of Morris; district 5, Forrest L. Thompson, of Weldon; district 6, William M. Truitt, of Irving; and district 7, Michael O'Brien, of East St. Louis. Inspectors for districts 1, 3 and 8 have not been named.

### LOUIS HOREN'S

#### NEARS ANNIVERSARY

A few years hence will mark the first anniversary of Louis Horen's Jacksonville store, begun at about the same time as numerous stores in other cities, with which the Jacksonville store is allied.

The patronage and growth of the Jacksonville store has been quite gratifying and ranks high among the successful stores in this system.

In view of the fact that a keen rivalry exists among these stores for first place in the annual volume of business, Mr. Horen is offering unusual values for Dollar Day as one of the means of attaining the largest possible volume of business in the short time remaining until the first anniversary day.

The store has built its business on small margins of profit, linked with a definite guarantee of service which forms the basis of its business policy. New lines have been added until the present complete clothing and furnishing stock was assembled and it is planned to develop along these lines.

WORKING HARDApplying Science Learned Before  
the War to Industrial Pursuits.Sheffield, England.—(By The  
Associated Press)—Lord Haldane  
who was in Germany a week or  
so ago says he found the Ger-  
mans working hard. They had  
put aside all thought of arma-  
ments because they realized that  
armaments did not pay.They realized, however, that  
something which would pay was  
the application of the science  
which they had learned before  
the war and which they would  
have applied in peace if they had  
not been interfered with by a  
small military party.Now they were determined to  
be free from interference of the  
military party. The output of  
scientific books had become enor-  
mous. All classes of people were  
working hard, and unemployment  
hardly existed.They had no money except  
paper, which had badly depre-  
ciated, and to restore their nor-mal condition they had found  
work by taking in other peoples'  
washing. He said he saw a large  
number of ships from Tyneside  
being repaired in German dock-  
yards because German dockyards  
could do the work cheaper than  
the British workers.IS CHAMPION

Bill Lowney, whose life has been  
devoted to opening oysters, has  
claims that when he split 100 of

one-quarter seconds not long ago  
he established a world record. He  
has challenged any and all oys-  
termen to meet him in competi-  
tion with a barrel of bivalves and  
a knife.Old Bill was born up Cape  
Cod way 63 years ago, and he  
knows the names and records of  
all the speedy oyster openers on  
the coast. He has two loves—  
oysters and the handles he makes  
for his knives. His hates are  
those who spoil the flavor of bi-  
valves by dipping them in water  
and the uneducated eaters who  
use sauces on them.MANC BEAUTIES OF

the police after witnesses had  
heard the smashing of bottles in  
the hotel cellar. He was sen-

at 234 pounds. He had smashed  
bottles of champagne, 54 of

### MADE BIG SUCCESS BY HELPING THE OTHER FELLOW

(By R. C. CRAWFORD)

"If I didn't have an interest in humanity and in individuals—and some sentiment along with it—I wouldn't want to stay in business a minute."

"No man ought to have a right to advance in the world unless he is willing to take others along with him. If we had more of that sort of thing the country over we would have less of disension."

"We lay the emphasis on man building in our organization, for we feel that money is merely a by-product, and that, if we get the right kind of men and develop them properly, we will be assured of the financial return. Ten or twelve years ago I used to tell people that some day we would probably have around fifty stores; now we have over 300. We have succeeded beyond our fondest hopes and dreams."

J. C. Penney, chairman of the board of directors of the J. C. Penney company, which operates a chain of 313 stores throughout the United States, selling at retail, men's and women's clothing, shoes, dry goods and miscellaneous articles of merchandise, leaned back in his chair.

"Ask me anything you will," he said. "There are no secrets about our business."

Mr. Penney declares frankly that he has made his big success by helping the other fellow—a success and an organization far beyond his most sanguine dreams of ten or fifteen years ago. There are men in the Penney organization who, ten years ago, had hardly a dollar to their names, and yet today are rated well beyond the hundred thousand dollar mark. The best part of it is that the Penney organization is perpetual; young men starting in without capital today will be the big partners in the business a few years hence.

Is it any wonder that with an organization such as this, scores of men have been willing to give up positions paying into the thousands of dollars to start in at the bottom of the Penney ladder? The Penney organization has an office in St. Louis which picks most of the young men for the company.

### Work for Future

"We have generally found that the young men coming from the small towns of the middle west make the best all-around men in our organization," Mr. Penney told me. "They have not been spoiled by the big cities and for the most part know how to live within their means. The harder pull a man has had the better he can make good with us."

"We look for clean qualities in the young men we pick. A man in our organization must not drink, gamble, or smoke cigars. I prefer a young man who has some religious stamina. We prefer college men, when they are willing to start at the bottom of the ladder and work up; in fact we are willing to take that kind of men we can find, provided they measure up to the other qualifications as we. For instance I have in mind a young graduate of Cornell university who has been holding a rather lucrative position as an instructor of Latin at a preparatory school back here in the east. He resigned that position to come with us at \$100 per month. He is making satisfactory progress and I look forward to the time when he will be one of the partners in the business."

"We start a man in as a salesman behind the counter. Then, before giving him an interest, we learn to know him and he learns to know us. If he is made of the right stuff and has character, the time will come when he will be placed in charge of a store as manager, usually an offshoot of the store where he has been working. Then the next time he changes he gets an interest in his first store. If he doesn't have the money we are only too glad to loan it to him. If he is a big success in that store, he can establish other stores in which he has an interest. Then his material fortune begins to accumulate."

"Furthermore it will be seen that in our organization a man does not run the same risk of failure that he would if he had to start business on his own account. There is no chance of his being closed out, since he has always the backing of the corporation. We pay all the bills from our New York office and keep all the books there."

Mr. Penney told me that he did not know how many of the stores he has an interest in—would not know who know him best say that he does not look upon money as anything particularly desirable in itself.

In spite of the business depression, the Penney organization expects to do a bigger business this year than last. Total sales of the 313 stores last year were \$43,000,000—and the company expects to pass the \$50,000,000 mark this year. In July its business for the year was running about \$5,000,000 greater than the year before.

A feature of the Penney organization recently established is the educational department which is in charge of Dr. Francis B. Short, one time pastor of a church which Mr. Penney attended in Salt Lake City. In addition to publishing a magazine, this department has charge of a correspondence course which is being taken by 2,385 managers and employees of the Penney stores. It is not entirely to teach them the principles of the Penney organization, salesmanship, and kindred subjects, for it has been found that the employees hundreds of miles away draw much comfort and inspira-

tion from the fact that the central office is interested in them.

Does sentiment, does regard for the other fellow in business, pay?

Lost there be some closeted business men who think being closeted is the only way to make a business success, let it be said that in the present depression the J. C. Penney company is operating with out a cent of borrowed capital, notwithstanding the fact that last year 109 new stores were opened.

### Bought Out Partners

As J. C. Penney sits back in his chair and unfolds the great secret of his business; how he conceived it and how a fifty-million-dollar business was built on the doctrine of helping the other fellow, it is almost like an unbelievable romance. He was raised in humble surroundings, the son of an impecunious Baptist minister in Missouri. In 1899 he was working for \$50 a month in an Evanston, Wyo., store, where he got the nucleus of his idea. The men he was working for believed in helping the other fellow and from time to time gave their boost in establishing stores with a part interest. In 1902 he was manager of a store in Kemmerer, Wyo. His salary had been advanced from \$50 to \$90 and he had also managed to save \$500, thereby getting an interest in the store he was running. The next five years were preparatory years; he was just getting a foothold. He succeeded in buying out his partners in the business, and in 1907, he was ready to start the operation of the chain store idea which in the next fourteen years was to pay its own way and develop into 313 stores.

The first man J. C. Penney started out was E. C. Sams, now president of the J. C. Penney company. Mr. Sams was given the management of a store at Cumberland, Wyo. Sams made good and was given the store at Eureka, Utah, to manage, with a one-third interest. Mr. Penney holding a two-thirds interest, and owning outright the stores at Cumberland and Kemmerer. The next step came when a store was established at Price, Utah, with a Mr. Thompson as manager. Thompson had no interest in this store, just as Sams had not had an interest to start with. Sams owned one-third of the Price store, and Penney two-thirds, since that was the way they had owned the Eureka store, from whose profits the Price store was established.

Thompson got along pretty well with the Price store and soon Mr. Penney and Mr. Sams decided to give him a start on his own account; so he was given the management of a store at Alamosa, Colorado, with a one-third interest while Sams held one-third and Penney one-third. Then Thompson began training a young Mr. Clinton in his store and soon Clinton was given the management of a store at Aguilar, Colo. He had to work on a salary there, just as Sams and Thompson had done in managing their first stores. Thompson, Sams and Penney each owned a

third interest in this store. But soon Clinton made good and he was started out in a store at Roswell, N. M., this time with a one-third interest. Mr. Penney dropped out of the Roswell store, Clinton owning a third. In the next rotation Sams dropped out, the next time Thompson.

"The great proportion of men that entered the Penney organization had no money of their own," Mr. Penney said. "When it came time to start them out on their own hook, the company loaned them the money for their one-third interest. Suppose a store started out with a capital of \$18,000. If it should make \$6,000 the first year, that would permit a dividend to each of the three partners of \$2000. The man who had been advanced \$6,000 for a third interest could then pay back part of the money loaned him and if the business was extremely successful he might be able to pay back the loan in a few years. That would depend on his management."

"Where does Mr. Penney come in? That is what hundreds of people ask me. They forget that every man in the Penney organization is interested in a string of stores, even if he is eliminated from certain groups at the third round."

"I believe that without my plan of giving a man a start in the business the success of our company would have been comparatively small. You see, when every man working for you is either a manager or expects to be given an interest in the business some day, he is going to work a lot harder than if he is just hired to do a day's work. Thus, the financial success of the stores in which you are directly interested is going to be much greater, because the men in charge of those stores know that to get anywhere with their own fortunes they must also work for your interests. I have watched other stores where men were not given an opportunity to share in the interests of the company and they have made much slower progress."

"No chain is stronger than its weakest link; in helping our men to make a success, in giving them equal opportunity, we help ourselves as well."

### KESSINGER TO DELIVER LECTURE

JOLIET, Ill.—(By the A. P.)—Senator H. C. Kessinger of Aurora will deliver his lecture, "The Farmer in a Changing World," throughout Will county under the auspices of the county farm bureau. The tour will start Nov. 21 and end Dec. 13.

### FIND WHISKEY PLANT IN CREEK

CARIO, Ill.—(By the A. P.)—Boys fishing in a creek near here pulled out a bottle containing whiskey. Inspired by their catch they searched the creek bed and found a dozen more bottles. The sheriff began an investigation.

Although the beaver's chief use for its flat, trowel-shaped tail is for swimming, it has another purpose. When beaten upon the water it becomes an alarm-signal.

Napoleon held the view that the shortest men are often the brainiest, and by way of demonstrating this belief he nearly always selected small men for his biggest tasks.

### PROGRAM FOR PRESIDENTS MEET

Relation of Federal Government to Education Will Be Discussed at Meeting of Midwest College Presidents at Urbana.

URBANA, Ill.—(By The Associated Press.)—Relation of the federal government to education, especially at it applies to higher education, will be taken up here at a conference of middle western college presidents called by the University of Illinois for Dec. 1 and 2, it is announced by President David Kinley.

Senator Thomas Sterling of South Dakota, Congressman H. M. Townner of Iowa, and several of the country's leading authorities on educational matters are on the program arranged. The conference will be attended by presidents of practically all of the universities of schools and colleges in other sections. Many state officials are expected.

The conference has been called according to President Kinley, because of the increasing public discussion of such subjects as a federal department of education, federal aid to education, etc.

For some time certain Congressional legislation on education has been of such a nature as to promote domination of state and local authority in educational matters by Federal agents, it is said in the announcement.

A great many of the country's leading educators feel that such legislation is in the wrong direction. In an effort to get a representative opinion from both educators and statesmen, the university has called this conference.

Topics to be discussed include: The early effects of Congressional appropriations for education.

Review of recent federal legislation on education.

Relation of state and nation in educational policy.

Problems of administering federal appropriations to state institutions.

Problems of state universities in administering federal funds.

Federal aid to Education, its justification, degree and methods.

Constitutional and political significance of federal legislation on education.

### TO DISSOLVE CIVIL DEFENSE SOCIETIES

MEXICO CITY, Nov. 19.—Civil defense societies which have been organized throughout the republic for protection against roving bands are to be dissolved by federal order, due to the fact that many such organizations overstepped the limits of protection and became in themselves violators of law. Several train robberies and other acts of violence of late have been charged to persons who claimed to be civil defenders.

### ROCKEFELLER WILL HELP IN PHILIPPINES

Will Send Official There to Investigate Tuberculosis—Many Die of Disease Every Year.

MANILA, P. I.—(By The Associated Press.)—The Philippine Islands Anti-Tuberculosis Society has appealed to John D. Rockefeller, Jr., who is now at Peking, China, to assist in the work of stamping out the tuberculosis which it is estimated causes the death of 30,000 Filipinos every year.

Mr. Rockefeller in a reply cable, stated that he had referred the society's request to Dr. Victor G. Heiser, representative of the Rockefeller Foundation and former director of health in the Philippine Islands, who would return to Manila from Peking within a short time, for the purpose of conducting an investigation of health conditions thruout the Philippines.

According to the records of the Anti-Tuberculosis Society approximately 500,000 people in the Philippines are suffering from tuberculosis at the present time. Officials of the society expressed the belief that the insular government would make an appropriation with which to start a health campaign, pointing out in support of this belief that Major General Leonard Wood, who has frequently stated in public speech that the government not only could not economize in expenditures for sanitation, but that it would be compelled to spend more money each year for that purpose. Society officials said it was the belief that substantial aid could be expected from the Rockefeller Foundation in the fight against tuberculosis, provided the government made the start in an intensive campaign against the disease.

### MODERN SWISS FAMILY ROBINSON

Honolulu, T. H.—(By The A. P. (By Mail).)—The tale of a modern "Swiss Family Robinson," composed of two men and one woman who for nearly a year have been living a life of isolation on Palmyra Islands, a lonely atoll more than 700 miles south of Honolulu, but officially a part of the city and county of Honolulu, in an effort to start a copra plantation, was related here when the United States Eagle boat Number 4 returned from a visit and aerial survey of the bin-brick dot on the map.

Mrs. William Ming, the only woman in the party, returned to Honolulu aboard the vessel for medical treatment. She, her husband, Colonel William Ming and Edward Benner were the only human beings on the island which is far outside the regular steamer paths, without wireless or other regular communication with the world.

### BUREAU COUNTY HAS GOOD ROADS RECORD

Patrols All Roads and Surfacing Them With Gravel.

PRINCETON, Ill.—(By the Associated Press.)—Bureau county is viewing with satisfaction the first year's accomplishments under its better roads program, financed by a 60-mill tax for four years which is to give the county \$860,000 for road work.

Bureau county is not paying any roads. All the paving which is being done is under the supervision of state highway officials, yet the county board within four years expects to have 273 miles of highway permanently graded and surfaced with gravel at an outlay which would build less than six miles of concrete roadway a year.

"Gravel, road patrols and common sense," is the combination which the county board says will give the county some of the best roads in the state.

Bureau county began its patrol system of road building and upkeep a year before the legislature last summer placed upon the counties of the state the responsibility of patrolling state roads. The results of the county's system were summarized by the county board as follows:

230 miles patrolled all season.

43 miles additional patrolled since September 1.

100 miles brought to permanent grade.

75 miles of old gravel scarified and smoothed.

70 miles surfaced with new gravel.

In four years from the start of its road program a year ago Bureau county will have all of its main roads graded, gravelled and patrolled, according to the board. About 40 miles of highway in Bureau county are being paved by the state.

With the high cost of paving materials a county paving program almost beyond consideration the county board a year ago called upon its highway superintendent, Clarence Melcher, to work out a system by which the county could maintain good durable roads without going to expense of paving.

After looking over 230 miles of highway on one hand and the \$215,000 special tax available each year for four years, Melcher outlined his plans as follows:

"These 230 miles are the principal roads of the county. If we put them in shape so they can be used practically all the time, we will benefit nearly all the people in the county. It's certain that no high priced material can be used, as we could take care of only a few miles. Our old gravel roads, even when neglected, keep traffic out of the mud and when cared for they are as good as the best. There is gravel all over the county. Why not cover the 230 miles with gravel after bringing

them to a semi-permanent grade and then keep them in shape by patrolling them?"

Thus began the system. Melcher divided the county roads into 27 districts and put patrolmen to work with tractors and graders. Each patrolman has about eight and one-half miles to maintain.

"It will be a long time before we think of concrete," Mr. Melcher said, "because we're started on another plan which is only one-fortieth as expensive which gives good roads immediately and which is giving good roads to everybody. We may pave our roads some day but not right away."

### AMERICAN SOLDIER IS DRAMATIC FIGURE

Was Deserter From Army at Shanghai — Will Face Court Martial.

By Associated Press.  
SHANGHAI. — (By Mail.) — Amos E. Norman, who was an American soldier in the 15th Infantry at Tientsin, has proved himself the most dramatic figure of recent criminal annals in China and after holding the interest of foreigners generally in China for a period of thirty days he has been taken in charge by the army authorities and is to face court martial.

Norman was arrested as a deserter in Shanghai last spring and escaped from his captors by leaping from a second story window. It was then found that after he had quit the army he had retained his own name and has been able to obtain a position in the Chinese customs service. He was arrested again in August and in the first week of September with a companion, Henry Muncie, who was also being held as a deserter from the 15th Infantry he carried out a sensational escape from the American prison after he had dashed ammonia into the face of his jailer. Muncie was arrested shortly after the two escaped, but Norman remained in hiding and when a Russian girl with whom he was infatuated was arrested as an accomplice in the prison break, he made a remarkable effort to shield her from the blame by means of daily letters that were addressed to the authorities thru a newspaper. It was thru these letters that the police of the International Settlement at length were able to ferret out his hiding place.

### MANY ENTRIES FOR POULTRY SHOW

CAIRO, Ill.—(By the A. P.) —Poultry raisers from seven states have been made entries in the annual show of the Ill-Mo-Ky Poultry association to be held here Nov. 23 to 27. Managers of the show announced that they expect 1200 entries from probably ten states. Jerome A. Leland, of Springfield, will judge the birds.

## FAMOUS FRENCH PIANIST COMES TO CITY MONDAY

Maurice Dumesnil Will Give Program Monday Evening at Music Hall, I. W. C.—His Program Announced.

The opening number of the Illinois Woman's College Artists' Series will be given by the famous French pianist, Maurice Dumesnil, in Music Hall next Monday evening. Mr. Dumesnil is one of the most interesting players in America this season and wherever he has appeared he has been acclaimed by both critics and the public as one of the world's greatest pianists. Considerable local interest has been aroused in his appearance here and a large number of season tickets which have been sold indicate that a capacity house will greet Mr. Dumesnil.

In his Jacksonville recital he will

play the following interesting program:  
Andante con variazioni in F minor Haydn  
Sonata Op. 57 (Appassionata) Beethoven  
Allegro ma con troppo.  
Andante con moto  
Allegro ma non troppo.

Ballad Op. 23, in G minor...Chopin

## BATH METHODIST WOMEN ORGANIZE AN AID SOCIETY

Officers Are Elected and Society Starts With 40 Members—Other Bath Happenings.

Eath, Nov. 19.—The Ladies' Aid of the Methodist church organized Friday with a membership of about 40. The following officers were selected: President—Mrs. Frank Patterson. Vice president—Mrs. Wm. Blessman.

Second vice president—Mrs. Paschal Lacey.  
Secretary—Mrs. Bertha Breeding.  
Assistant secretary—Mrs. Ted Keith.

Treasurer—Mrs. Percy Lane.  
About twenty were present at the election of officers.

Miss Margaret Davidson went to Champaign to attend the conference of High school teachers Thursday and Friday.

Mrs. Ollie Pratt of Chandlerville visited her mother, Mrs. Louise M. Lindsley, Thursday.

Mr. and Mrs. Taylor of East Moline are visiting the latter's mother, Mrs. Shan Houston.

Gay Taylor, who has been very sick the past week, is no better at this writing, and his recovery is doubtful.

Born to Mr. and Mrs. W. B. Parrott, a 12 pound girl Sunday; sixth child.

Joe Williams and family, who have been living here in town the past year have moved out in the country about half mile from town on the Thomas Daniel farm.

Mr. and Mrs. G. C. Drake and son, Junior of Chandlerville and cousin Jesse Holmes, of Peoria, motored through here on their way to Fulton county to visit the latter's sister, Mrs. Ernest Oest. Mrs. Drake expects to stay till Sunday while Mr. Drake and Jesse Holmes will return to Chandlerville.

Mrs. Harold Brown and baby visited in Havana Tuesday.

Morse & Avery of Chandlerville have closed a contract with James Fletcher of this place for a complete electric light plant, furnace, bath room equipment, which is something out of the ordinary in the heating plant line, being a Peoria combination hot air and hot water furnace.

The main part of the residence will be heated with hot air and the bath room with hot water radiators, this being one of the latest and most complete jobs installed in this part of Mason county.

Mrs. Katie Armstrong of Chandlerville, who has been visiting Mrs. Linder the past two weeks, returned to her home Wednesday.

Harry LeMasters was a Springfield visitor Monday.

Vida and Nellie Forsythe of Peoria were called here by the illness of their mother who has been very sick the past two weeks.

Walter Dunlap and Add Ohl were Havana visitors Monday.

Mr. and Mrs. Joe Pierson visited their daughter, Mrs. Wm. Shirley, and family in Havana Monday and Tuesday.

Rev. Byers of Chandlerville was here Thursday.

## PROHIBITION SALES TO MINORS

London.—A movement is under way in England to prohibit the sale of all intoxicants to any person under the age of 18 years instead of 16 as at present. A petition to that effect, signed by thousands of teachers, has been presented to the Home Secretary, and temperance reformers are pressing parliament for a bill dealing with this question.

Attention is called to the fact that the mother country is behind the dominions in such restrictions. In Australia, the age limit for the sale of intoxicants has been fixed at 18, and in New Zealand, Tasmania, Ontario and Nova Scotia at 21.

In France, Poland and Czechoslovakia the age is 18, in Sweden it is 17.

## With Morgan County Poets

NOVEMBER

The bee has left the brier-rose,  
The lily is a-bed;  
The birds have vanished from the close,  
The yellow moth is dead;  
The withered leaves like witches fly  
And revel in the snow;  
The lake turns starkly to the sky,  
And gruff winds blow.

—JOHN KEARNS.

IN NOVEMBER

The bare trees stand with arms outstretched  
And cast their long weird shadows.  
For bleak November winds have blown  
Their brown leaves o'er the meadows.  
Reminders of the summer gone,  
Departed Autumn weather,  
The dead leaves in the hollows deep  
All wind-swept lie together;  
And Mother Nature's spreading down  
With care of tenderest lover,  
To shelter from the wintry storm,  
Soft blanket for their cover.

—SUSIE A. HUGHES.

## NEW YORK EMPLOYS BUSINESS METHODS

Trying to Solve the Problem of Domestic Service.

NEW YORK.—(By The Associated Press.)—New York is employing business methods to solve its problem of domestic service.

The long vacant place of the old-fashioned servant is being taken by the "home assistant"—working a 48 hour week and going and coming to work each day as a stenographer or factory worker. She also buys her own meals and expects her employers to address her as "Mrs." of "Miss."

The reluctance of woman since the war to engage in housework and domestic service at wages which families of moderate means can pay led a group of New York women to investigate the problem. They found that women revolted from domestic service because of the long hours of labor, lack of definition of their tasks, uncertainty of their hours of recreation, and the feeling that a certain stigma was attached to their positions.

The result of the investigation was a determination to put housework on a business basis and make it as dignified an occupation as office or factory. The women who have been attracted to housework on the home assistant basis receive \$18 a week for a 48 hour week. They get Sundays and holidays or their equivalent time off and a vacation of two weeks with pay at the end of a year's work. They are paid over time at a specified rate.

A weekly schedule of household tasks in the employer's home is arranged that will keep the worker busy every hour she is scheduled to work. She quits at noon and goes out for her lunch. When the day's work is ended she leaves for her own home. The domestic servant has become a business woman with the same freedom and independence as the rest of her sisters in the business world.

The success of the new venture led the investigators to organize the Bureau of Household Occupations which acts as a clearing house for the home assistants and their employers can have difficulties adjusted as they may arise. Mrs. Richard Boardman, Mrs. George D. Pratt, Mrs. Henry S. Patterson and Mrs. Robert M. Walker are among the women who are actively engaged in the work.

## ECONOMIC POSITION SHOWS IMPROVEMENT

Riga.—By The A. P.—The economic position of the Par Eastern Republic with headquarters in China has much improved lately, affirms A. T. Krasnotchekoff, formerly a Chicago lawyer, and until recently premier of republic.

Interviewed in Moscow by the newspaper, Novy Put he said: "Government undertakings are approaching the level of pre-war production. The republic has nationalized only industrial enterprises of state importance or owned by enemies. Private external and internal trading is legalized. Finance is based on the free circulation of gold and silver rubles, while 1,000 paper rubles equal 10 copeks, gold. (A copek normally was 1-100 part of a ruble.)

At the head of the Foreign War and Home Departments are Communists. A powerful revolutionary army safeguarding the republic's independence, assisted by red guerrilla troops which combined, constitutes a considerable force.

"The increasing number of applications made for gold and lumber concessions indicate the favorable opinion entertained abroad of our resources. Many proposals have also been received from Japanese capitalists seeking concessions, but the republic is disinclined to entertain them until its territory is cleared of Japanese troops."

## DUCK SUPPER SERVED TO BAKERY EMPLOYEES

Beardstown, Nov. 19.—The members of the firm and the clerks and employees of the Beardstown Home Bakery were royally entertained Thursday evening at the A. L. Derry home, 1220 State street. A bounteous 6 o'clock dinner was served, covers being laid for twelve. The following appetizing menu proved the main feature of the event:

Roast Duck Oyster Dressing  
Giblet Gravy  
Candied Sweet Potatoes  
Macaroni en Casserole  
Celery Pickles  
Bean Salad

Apple Pie Alameda Coffee  
Those who enjoyed the delightful affair were the Misses Edna Hawk, Leona McClun, Vieve Derry, Messrs. Robert Sparks, Jesse Clark, Joe Strickler, Harry Muech, Mr. and Mrs. Ed Reichert, and son Bobby, and Mr. and Mrs. A. L. Derry.

CONFISCATE FARMER'S HORSE AND BUGGY  
CORIO, Ill.—(By The A. P.)—Although many automobiles have been confiscated by prohibition agents in Illinois during the past year, John W. English, a prominent farmer near here, is believed to be the first man in the state to lose a horse and buggy by confiscation. Following his arrest for transporting liquor, officers found a still and large quantities of liquor and mash on his farm.

## Conservatory Notes

The faculty recital, given by Messrs. Kitch and Quast, assisted by Mr. Munger, at Northminster church last Thursday evening, Nov. 17th, was very successful, being attended by an audience that filled the church. Of special interest on the program were the compositions of Miss Arrie Dunlap and Frederick G. Meyers, who accompanied their own violin and voice works.

Mr. Kitch will spend most of the Thanksgiving holiday in Jacksonville, as will Mr. Quast and Miss Pires. Mrs. Bullard is visiting in Chicago. Mr. Munger will visit in St. Louis and Indianapolis. Miss Armstrong will probably be in Mt. Sterling and Mrs. Foreman in Kane, Ill.

A number of Conservatory students took part in the concert given at the New High school on Friday evening, Nov. 18th.

The Chorus rehearsal on Monday evening, Nov. 21st, will be dismissed in time for the piano recital of M. Dumesnil at the Woman's college.

The ensemble recital will be given in December in Recital hall, the date to be announced later.

A students' recital was given last Friday afternoon, Nov. 18th. Following is the program:

Nuit de mai (violin)...Meechel Elman  
Elizabeth Seett.

AMERICA HAS LOTS OF OIL IN MEXICO

Mexico City.—By The A. P.—More than 20,000,000 barrels of petroleum are stored in tanks and behind dams in Mexico of which two-thirds is American owned, according to recent figures given out by the Department of Industry and Commerce.

Reports from Tampico indicate that oil shipments are exceedingly heavy from that port and that approximately 12,000,000 barrels were exported in September. Less than 5,000,000 barrels were taken out during August, prior to the settlement of the controversy at Tampico between American oil producers and the Mexican government.

HOLLAND GROWING RESTLESS OVER KAISER

The Hague.—(By The A. P.)—The expense of guarding the former German Emperor is the cause of irritation to some of the political leaders in Holland. One of the social-democratic members of Parliament criticized this outlay in party speech he delivered the other day and threatened to interpellate the government on that subject.

The speaker declared that the former kaiser, whom he characterized as a "deserter" had not been prevented from stirring up trouble as he had sent a telegram to his son, Prince Eitel Friedrich in Germany alluding to his comrades "who had not been beaten on the battlefield."

WILL SING AT CHURCH

Mrs. Thomas Harber will sing a solo at the morning services at Centenary church today.

Mrs. Pauline Moore, superintendent of the Infant Department, is working hard to be superintendent of 100 little tots. B. Y. P. Union meets at 6:15. Mrs. Hazel Belle Waldon, president. Subject for evening "How to build up a B. Y. P. Union," led by Miss Susie Lynch. Much interest is being shown by the members in the prayer service each Wednesday night.

Second Baptist, A. M. E. Bethel and Mt. Emory will meet in Union service Thanksgiving morning at 10:45. Pastor Snowden will preach the sermon. Come to the church of the royal welcome.

First Baptist—Sunday will be the last day in the Sunday school auto contest. The white pennant of the adult department will probably fly from the flagpole on the hill top at 9:30 a. m. Morning worship is held at 10:45 a. m. This will be a Thanksgiving service. The sermon subject will be, "Thanksgiving Dawn," preached by the pastor, Rev. A. P. Howells. The music will be in keeping with the day. The Baptist Mission Sunday school is held at 2:30 p. m. "The Goodness of God" is the Thanksgiving subject of both the Senior and Intermediate Baptist Young People's Unions at 6:30 p. m. At the evening worship at 7:30 p. m., the pastor will discuss four questions under the heading, Religious Questions that Require Answers. These questions are: (1) What Marks God's Goodness. Are Shown at All Times? (2) Should a Christian Have and Assert a Definite Opinion Regarding the Doctrines of His Church? (3) Why Am I a Baptist? (4) Can We Communicate With the Dead? What do you want to know religiously? Send your question in for answer on Sunday nights. The Thanksgiving prayer service will be held on Wednesday at 7:30 p. m. The subject will be, "What Have I To Be Thankful For?" One definite thing. What is it?

State Street Presbyterian Church—Rev. W. H. Marbach, pastor; T. M. Tomlinson, S. S. superintendent; Mrs. Helen Ayers Bullard, organist. We are always glad to welcome visitors and strangers. We expect members to attend at least one service every Sunday. Provision has been made for adequate heat in the church auditorium in spite of the fact that the interior repair work is unfinished, so do not hesitate to come. Sunday school members and friends will be interested in the Thanksgiving service and in the new song books which we expect to use for the first time Sunday morning. The young people meet in two C. E. societies at 6:30 p. m. Church services at the usual hours, under the pastor's leadership. Bring your Sunday evening callers with you to the evening service. Welcome.

The Salvation Army—108 East College street. Sunday school at 2:30 p. m. Sunday evening at 8 o'clock. Meetings through the week on Tuesday evening at 8 o'clock, Saturday evening at 8 o'clock. Come to these meetings. All are welcome. Lieut. L. E. Hall.

Central Christian Church—Myron L. Pontius, minister. Bible school at 9:30 a. m. B. O. Roodhouse, superintendent. Morning worship at 10:45. Theme of the sermon, "A Divine Benediction." The anthems "Praise the Lord O Jerusalem" by Maunders, "Whoso Hath This World's Goods" by Otis, will be sung by the church choir, and the solo "Come Ye Thankful People, Come" by Scott, by Miss Louise Miller. Evening service at 7:30. Theme of the sermon, "Does Blood Tell?" Mr. Pontius has resumed the five-minute talks and will speak on "Unemployment and the Unemployed." Anthem "O How Manifold are Thy Works, Barnby," by the choir and solo "Lead Kindly Light," Barnaby, by Mrs. Abram Wohl. C. E. services at 6:30 p. m. Miss Lois Harney, leader of the senior endeavor, and Kenneth Huff of the junior. A cordial invitation is extended to the public to the services.

Centenary Methodist Church—C. D. Robertson, pastor. Sunday school at 9:30 a. m. A. C. Metcalf, superintendent. There are classes for every one and every one is welcome. There is no better place to spend an hour on Sunday morning than in the company of other earnest folk who are trying to find out what God thinks of them and their doings. Morning worship at 10:45. Subject, "Two Views." Epworth league at 6:30 p. m. Evening worship at 7:30. The Epworth league will be led by Miss Wilson, a student at the School for the Blind. The league is rapidly getting in good running order after the recent reorganization and the Sunday evening meetings are very interesting. Every young person in the church ought to attend these meetings and every other young person is invited and welcomed. In the evening the pastor will deliver a lecture-sermon on "What Is Going On at Washington: The Disarmament Conference from a Preacher's Point of View." This is "The Home-like Church." You are welcome.

Salem Evangelical Lutheran Church—East College street. Rev. J. G. Kuppler, pastor. Twenty-sixth Sunday after Trinity. Sunday school at 9:15 a. m. Public worship in English at 10:30 a. m. We shall look for you. 10:45, morning worship. Theme of sermon, "The Vineyard of the Slothful." 2:30 p. m., intermediate league. Miss Agnes Davis, superintendent. 6:30 p. m., Epworth league. The "Win My Chum" campaign was exceedingly helpful and fruitful. The meeting Sunday evening will be the climax service of that series of meetings for our young people. We hope to see the league room filled. All young people not worshipping elsewhere are invited. 7:30, evening worship. Theme of sermon, "The Wesleyan Revival." What the great awakening did for England and America will be emphasized. The program of music for the day will be "Praise the Lord, O Jerusalem" by Maunders; "Jesus, Shepherd of the Sheep" by Briggs, for the morning. In the evening, "The Lord Is Exalted" by West, "Soft as the Voice" by Scott. Prof. Henry Ward Pearson, organist and choir master. Monthly meeting of officers and teachers of Sunday school Monday at 6:15 p. m. School of religion will meet on Tuesday evening at Illinois Woman's college at 7:30. Visitors are welcome. Prayer meeting Wednesday evening at 7:30.

The Second Baptist Church—Pastor H. H. DeWitt. Sunday services at the usual hours. Morning theme: "The Elements of Church Strength." In presenting last Sunday the urgent appeal for contributions to the Budget Fund the pastor asked, "That any exception you have in mind to the method wisdom devised to raise the amount of money needed, dismiss it and lend a helping hand." Last you might feel that your contribution to the Budget Fund excuses you from personal contact in service to the unfortunate, the pastor will have for his evening talk, Practical Everyday Benevolence. Bible school 2:30 p. m. Mrs. Laura LaFayette superintendent; assistants, Mrs. Albert Moore and Mrs. N. Revis. Union Thanksgiving services will be held at Mt. Emory Baptist church 11 a. m. Rev. W. H. ## SCOTT COUNTY HAS INTERESTING HISTORY

Brief History of Its Early and Present Days Also Tells Something of Merritt and Vicinity

Our neighbor, the little county of Scott and the village of Merritt, have some interesting facts connected with their history. Just why Scott county should have been carved out from Morgan no one alive seems able to say but it was done by act of the legislature of Feb. 16, 1839. The east line is zigzag owing to the fact that it was the desire of Morgan county to retain within its borders the fine rich prairie in the vicinity of Lynnville, Bethel and Mercedosa and other points. The histories give no account of the real movement which resulted in cutting out so small a county when the one from which it was taken was no larger than several others in the state but it was done. Scott county contains just 160,000 acres.

In those good, old times people were just the same as today, each striving for the best he could get. It is said to be a historical fact that the location of the city of Washington not wholly free from criticism and the fact is the owners of real estate in front of the capitol building held their land so high that the people turned on them, pumped up mud from the Potomac and built the main part of the city at the back door of the great edifice and later the rear of the building had to have steps and all sorts of additions to make it look right.

First came the contest regarding the location of the county seat. Manchester, Winchester and North Prairie were all considered. There was really no town at North Prairie, but the road to Phillips ferry passed through there. George Campbell, a settler, had a store and a carding machine there. This was a machine to which farmers brought their wool and had it made into rolls about half an inch diameter and twenty to twenty-four inches long, suitable for the spinning wheel, by which the mothers trod so many miles, turning the wool into yarn for all sorts of purposes.

A mile west Scott Riggs had a blacksmith shop and a store. A half mile west lived Matthew Barber and all in that region naturally wanted the county seat at North Prairie. They elected to the legislature William Gilliam, who lived where later William McCullough's home was situated and near the home of John Ebaugh. They all thought their case was safe in the hands of their member.

He was strictly honest but there were in the law making body, shrewd politicians and they got ahead of him just as was the case when Jacksonville, by all right and justice had the location of the state university. The county seat was located at Winchester and the North Prairie people undertook to get ahead of the Winchester promoters by electing the county officers, hoping they would not qualify and thus the bill for the new county would lapse. But that scheme failed also and there were bitter feelings for many years.

**First County Officers**  
The first county officers were: Commissioners—David Rankin, Edward Mitchell and Absalom Peak.  
County clerk—N. M. Knapp.  
Circuit clerk—Levi Harlan.  
Recorder of deeds—Frank Stebbins.  
Probate justice—John Kirkpatrick.  
Sheriff—Robert M. McDow.  
Treasurer—Theron Bronson.  
Surveyor—George M. Richards.  
Coroner—Jeremiah Fahnestock.

The first meeting of the commissioners was held in a Methodist church and was opened by proclamation by Aaron Buffum, constable. The precincts were Union, Ereter, Naples, Winchester, Sandy, Manchester and Glasgow.

In 1866, J. M. Riggs was elected to congress, having for a republican competitor, Prof. J. V. Turner. In 1884 J. M. Riggs was chosen for congress against General Henry Case. Other candidates for the office have been Rev. Philip Minear and N. M. Knapp.

The general opinion is that the name of the county was taken from one of that name in Kentucky and that was named in honor of General Winfield Scott, hero of Lundy's Lane.

1833, Stephen A. Douglas, a penniless but ambitious and qualified young man, went to Mercedosa and tried to get up a subscription school but failed as he was unable to find enough persons desiring book learning to pay the cost. Naples he tried also and in vain, but in Winchester he succeeded in getting forty pupils at \$3 each for a term of three months. At that time Winchester had sixty families.

Another immortal production of Scott county was Stephen Paxson, the wonderful Sunday school man. In early years and even to young manhood he was troubled with an impediment in his speech which made the children laugh at him and call him "Stuttering Stephen," greatly to his discomfort.

He began his career working on the river and discovered he could sing without trouble. He was also troubled with white swelling in one leg which for a time made him lame. He married, Sandy, Manchester and Glasgow.

ried at the age of twenty-one and later his little daughter led him to Sunday school, where his ignorance of the work is told by himself in a humorous manner.

But the Master had work for him to do. He was converted and turned his attention to organizing Sunday schools and Sunday school conventions all over the southwest until by actual count he had brought into Sunday school 150,000 children. His faithful horse, Robert Raikes, was known far and wide.

When his work in the way of traveling was done he went to St. Louis and opened a Sunday school supply house but the sturdy frame, so accustomed to exercise, and travel out of doors, could not endure confinement, and he died at the comparatively early age of 73.

Scott county has seen eight villages rise, flourish a while and die, like old Princeton, fifteen miles northeast of Jacksonville. There Jacob Bergen a young man from New York City, conducted a general store. He died wealthy. No trace of the building exists today.

Established in 1870. One of the small but flourishing towns of Scott county is Merritt, situated on the C. B. & Road, eight miles south of Chapin. It was established March 22, 1870, by Ann, widow of John Gannon, and who later became the wife of Vincent Richardson, near the Point, and later yet the wife of Dr. Brock Mayfield.

The place was laid out and surveyed by the veteran surveyor, S. McPherson, of Morgan county. Among the early settlers of the town and vicinity were William Sharon, A. J. Hawk, E. L. Gilliam, J. B. Campbell, George Hardwick, E. B. Hitt, Benn F. Hitt, E. M. Chrisman, John Thompson, John Hobson and others.

At one time there was in the place a flour mill and pottery but they have been discontinued. The C. B. & Q. road passes through the place and Elmer Wilson is the agent. Rev. George Wetzel serves in the Methodist church while the school is taught by Albert Peters, principal, and Miss Grace Leach, primary. A general store and elevator are owned by the Farmers' Elevator company. John Furry is the clerk at the store and Harry Furry manages the elevator at Merritt and the one at Riggs. Oscar Davis is employed at the elevator and during leisure hours makes an excellent quality of brooms. There is an excellent band made up largely of young men who produce fine music.

Some prominent citizens are Henry Huddleston, George W. Hardwick, John Hurlbrink, Joel Redshaw, A. F. Morris, W. F. Morris at whose hospitable home the writer has been many times entertained by the man and his good wife, E. M. Chrisman, B. F. Chrisman, W. D. Hitt and others.

Naturally this is not intended for an exhaustive article as that would require too much space.

## Suppose you had the settling of your neighbor's problem—

**SUPPOSE** it was Brown's case that was up for consideration. Brown is heading in a direction that has brought trouble to a lot of people—a direction known to be full of risks. Brown himself isn't going any too good. There are days when he hits the bumps harder than he can comfortably stand—and he shows it.

There's another road that Brown could travel safely—smooth, comfortable, pleasant, and absolutely safe.

And Brown came to you for advice. And you'd look at the facts and you'd say: "Why, Brown, there's nothing to this thing. It doesn't take any argument to decide this. Turn to the right and take the smooth, safe road, and Do It Now."

Suppose the road Brown is on is the coffee or tea road. Hundreds have had trouble on that road. Doctors have sounded the warning for the public, and raised the "no-traffic" sign for their patients—time and time again. The drugs, caffeine in coffee and their in tea, keep whipping the nerves—tending to interfere with sleep, upset digestion, produce high blood pressure, and to wear down health and efficiency by the disturbance of rest and nervous balance. Some folks go a long way on the road; some folks don't seem to notice the jolts—for a while, anyway.

But what would you say to Brown about choosing the safe road instead of the risky one?

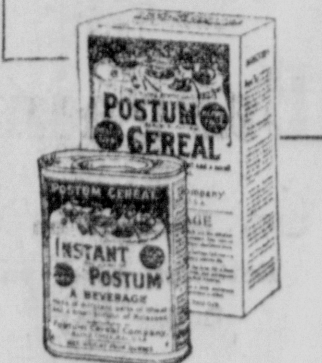

And suppose Brown were you?

Postum users travel the sunrise road—away from the coffee and tea jolts and risks.

**WHY DRINK MILK**  
\*\*\*\*\*

There are a number of reasons milk should be used as part of human diet. Especially is it necessary for the development of a child. The first ten reasons we give why milk should be used are as follows:

1. Pellagra is caused by a diet deficient in certain elements. Milk added to such a diet cures this tropical disease.
2. Beri-beri is a disease of the nerves similar to pellagra. Milk cures it.
3. Inflammatory rheumatism has been cured by an entire milk diet. The milk washes away the poisons causing this ailment.
4. Milk cures sore eyes when same is caused by a deficient diet.
5. Milk adds actual inches to a man's stature. Japanese coolies were experimented upon and after being fed much milk, several inches were added to their height.
6. Milk plus fresh air and sunshine cures tuberculosis.
7. A milk diet exclusively will reduce flesh.
8. A milk diet exclusively will

add good solid flesh to a thin person.

9. Milk was one of the main foods upon which Jack Dempsey trained for his winning battle. It makes dependable brawn and muscle.

10. Milk is recognized as the greatest "protective food" known to man. The milk-eating man or woman has a resistance to diseases not possessed by non-milk eaters.

### "CLEAN UP" SQUADS HELP TO ADJUST 43,000 CLAIMS

More than 84,000 former service men have been interviewed to date in the "Clean Up" campaign instituted by the Veterans Bureau with the co-operation of the American Red Cross and the American Legion. In a recent report the Veterans Bureau states that of the more than 46,000 claims filed as a result of these interviews, all but 3,000 cases have been adjusted.

These "Clean Up" squads visited more than 1,150 cities and their work is rapidly nearing completion. An appropriation of \$310,000 was made by the Red Cross to carry out its share of the "Clean Up" program.

Postum is free from the possibility of harm for any one, and full of comfort and satisfaction for every one. Even the little children can share in the delights of a hot, mealtime cup of Postum.

No fears, either that Postum will rob the night of sleep as coffee so often does. Postum is a friendly drink for any one any time. And it's good! When you've tried Postum a few days you'll wonder why you ever thought of sacrifice in leaving off coffee or tea. Rich and flavory and satisfying, Postum suits the taste so that there's no longer any thought that you should drink it; only the thought that you want to drink it.

Postum opened the better road and the safe road for coffee and tea drinkers more than a quarter of a century ago, and a steadily increasing multitude is traveling that road—up and on to better enjoyment, better efficiency, better accomplishment.

You can buy Postum wherever good food and drink are sold and served. You can begin, now, this turn to the right road which you would so quickly recommend for Brown—by ordering Postum from your family grocer or telling your waiter at the restaurant to serve you Postum instead of coffee or tea.

Make Postum according to directions and enjoy its delicious flavor; find the change in "feeling" after a week's use of Postum. Let the family join you in the trip up the sunrise way.

You'd know what to say to Brown—say it to yourself.

## DESCRIBES FLOWERS BLOOMING IN FLORIDA

Miss Mabel Goltra Writes Interesting Letter About Beautiful Gardens in Southern City.

The following letter gives some interesting facts about the beauties of the gardens surrounding the Royal Palm hotel in Ft. Myers, Fla. The letter was written by Miss Mabel Goltra of this city, who is spending the winter in the south. The letter reads as follows:

Dear Journal Readers:

We are having the most beautiful weather here in Florida that one could imagine, bright sunshine, day after day and a delicious coolness in the air that is very refreshing. The windows and doors stand open day and night with about the same temperature inside and out.

I brought some flower seed from my Illinois gardens to be planted in the gardens of the Royal Palm hotel and the old gardener was so grateful that he took his ladder, went up into the Brazil nut tree and picked for me a blossom. The tree is extremely tall and the blossoms grow out along long stems all about the trunk of the tree instead of on the branches. The blossom has six petals just the shape of rose petals, but as thick as the petals of a magnolia blossom. Each petal is shaded on the outside from a bright yellow at the edge of the petal. The inside of the petal is a deep maroon. The center of the blossom has the same colors as the petals. In shape it reminds one of the Jack

in the pulpit, having the texture of a mushroom, with hundreds of tiny flowers growing out of it. It has a rich, spicy odor as of a rose and a carnation pink combined.

They say it is the only Brazil nut tree in North America. The nuts form inside of a ball which resembles a cannon ball. There are now a number of them hanging from the trunk of the tree, also a few blossoms.

I was just three minutes too late to see a blossom burst from a pod on the royal palm. The pod about four feet long lay at the foot of the tree. The blossom hung like a large bunch of ostrich plumes, pale cream in color and the gardener said when the pod fell the particles that came with it made him think of a snow storm and I could see that the grass around the tree was covered with a white downy substance. The bees are very fond of the bloom. The grounds of the Royal Palm hotel contains rare collections of palms and croutons. Beside many royal palms there are the corkscrew palm, coconut palm, bearing a large crop of coconuts this year; the traveler's palm, also the bamboo and date palm, coconuts, plumosa, fish-tail and many other interesting varieties.

The Bohemian butterfly tree now covered with lavender blossoms and here and there a grape fruit and orange tree for variety. The beautiful Caloosabatchee river a mile wide flowing by this garden completes the picture.

A few days ago Oyapelia, an Indian princess came to Ft. Myers to give an entertainment, assisted by Miss Berney of Peoria, Illinois and Miss Weinstock of Milwaukee, both very talented musicians. Miss Berney is a friend of Mrs. Lois Baptiste Harsch of Peoria so well known in Jacksonville and has appeared on several programs with her.

One of the ladies of Ft. Myers invited the princess and her party to motor down to Edison's home and asked me to join them. On the way we met a hunter who had two little wildcats in his car and they looked very much like young grey kittens with very loud voices.

After visiting Edison's home we motored to the Royal Palm gardens where the gardener was kind enough to let us all pick up a coconut. The princess had expressed a great desire to pick up a coconut just as it fell from the tree. Mrs. Stevens, who was formerly Miss Ella Crawford of Jacksonville, also met us at the Royal Palm. Space would not permit enclosing a program of the entertainment, but I know Jacksonville people would be much pleased with the rendition of Hiawatha's Wooing as we heard it and the musical numbers on the program. The princess is a very fine looking young woman whose grandfather was chief of the Creek Indians. Her father was a full blooded Indian and her mother an American. She showed that she is very familiar with the Indian ceremonials and dances as well as the language. The stage was beautifully decorated with palms, Florida moss with and brilliant croutons.

### RED CROSS MEDICAL SUPPLIES TO RUSSIA

Supplies valued at more than \$1,750,000 will have been sent into Soviet Russia by the American Red Cross and distributed by the American Relief commission before the end of the year. These supplies, furnishing relief to tens of thousands of suffering persons have been drawn from the European and American Red Cross stocks.

Medical supplies form an important part of these relief materials. Malaria and typhus are prevalent in the most severe forms and in the famine and disease stricken provinces will result during the winter months in widespread and severe epidemics.

Present plans contemplate, according to Henry Beewaukes, director of distribution of Red Cross supplies in Russia: Organization of clinics at food distribution centers; drugs and medical supplies furnished to existing hospitals; establishment of preventive and curative measures for disease in relief areas and of bath and disinfecting units, installed and controlled by American personnel and operated by Russians.

### THE LIVESTOCK MARKETING COMMITTEE

Illinois is one of the first states to begin operating under the plan proposed by the Livestock Marketing Committee of Fifteen and they are beginning their work at the National Stock Yards, Illinois, where quite a number of the livestock of Morgan county is shipped.

The Producers Livestock Commission Association announced the opening of an office at the National Stock Yards, Illinois, East St. Louis, on or about January 1, 1922. This company will be owned and controlled by the producers themselves.

The business of this company will be the handling of livestock at markets as is generally done by livestock commission companies and stocker and feeder companies.

Offices have already been rented in the Live Stock Exchange Building at the stock yards in East St. Louis (rooms 34 and 35, Livestock Exchange Bldg.) The

business will be conducted upon the principle that service will be rendered at cost and all profits above the cost of doing business refunded to shippers consigning stock to the association. The association will form an economical means for the marketing of stock of livestock shipping associations and of individual producers.

The plan upon which this association is organized is the plan of the Farmers Livestock Marketing Committee of Fifteen and which was adopted at the Livestock Ratification Conference made up of livestock producers from all sections of the United States in Chicago on November 10 and 11.

This is the livestock producer's opportunity to have a voice in the marketing of his own livestock and we believe is the right step towards better marketing conditions.

**AL SIMPLIFIED  
SPELLER IS FELMLEY**

Normal President Adds a Lot of New Words to the List Take a Slight at the New Ones

NORMAL, Ill.—(By the A. P.) Illinois has a university president that spells office, "offia" ve "hav," were "wer" and are "r."

He is a state normal university president—in fact none other than the well known Dr. David Felmley president of the Illinois state normal university here. Simplified spelling? Yes, of course. And here are some more from a list printed at the school:

Crum, dum, num, thum, iam, n, bur, pur, gosh, gastly, thand, mpain, foren, eifer, fonograf, tione, hill, gard, det, dout, and also—succede, siv, subroman, sion, seissors, let, quire for choir and sent for

secent to say nothing of:

Wo, ake, tistic and eg.

Simplified spelling has languished since the outbreak of the World war and many of the foregoing seem still, alas novel and unfamiliar. And that is so despite this list was published now these ten years ago, for the guidance of such students and teachers at Normal as were interested in the simplified spelling movement.

Relative to the use of simplified spelling in the normal university, President Felmley said:

"In 1906, when the simplified spelling board was formed, it issued a first list of 300 simplified spellings that it recommended for general adoption. President Roosevelt, a member of the board, at once adopted these in his personal correspondence and recommended that simplified spelling be used in the government printing office. Subsequent action by congress in opposition

to the president's recommendation blocked this step.

"At that time this institution, like many others throughout the country adopted the recommendations in all its printed matter and in the work of the office. As the second and third lists of the simplified spelling board appeared they were apoted. The fourth list involved many radical changes. These have been partially adopted in the institution. "No teacher or student is required to use simplified spelling. Only a few do so. In our spelling classes the simplified forms are regularly taught as variants of the conventional spellings."

**DRAKES WILL NOT  
MATE SECOND TIME**

BERWICK-ON-TWEED, Eng.

(By A. P.)—Viscount Grey of Fallodon, formerly Sir Edward Grey, war-time Secretary of the Foreign Office, who was temporary British ambassador in the United States in 1919, and who has just recently re-entered the political arena, is a naturalist as well as a statesman. In an address before the Berwickshire Naturalist association he gave an account of his personal observation of the wild fowl which he has reared at Fallodon for the last 37 years.

He said that the Carolina or North American wood ducks were monogamous and domestic life was highly developed among them.

Lord Grey was unable to confirm the statement that wild geese paired for life and that, on the death of one, the survivor took no other mate, but he called to mind a remarkable case of the

kind with a pair of red-crowned procard ducks.

The drake kept with his mate until she had to be killed after meeting with injury. It was expected that he would then mate with another female of the same kind but he ignored her and after two or three weeks restlessness he flew off and was not seen again. "It was as if he had gone off on an endless search to find the mate he had lost," remarked Lord Grey.

IN BATTLE; IS ARRESTED**

Paris.—By The A. P.—"Dead on the field of honor" is the attention against the name of Claudius Vrilat at the French Ministry of War and his name has adorned the monument at Nogent-sur-Seine, erected to the memory of our sons who fell on the field of battle."

Charged with burglary committed in the Monceau District of Paris, Claude Pasquet was arrested by the Parisian police a few days ago.

The authorities say that Pasquet and Vrilat are one and the same. Vrilat, it is now alleged, deserted on the eve of an attack in the Champagne district and was posted as "disappeared" with no presumption of desertion probably killed. His name has been stricken from the monument at Nogent-sur-Seine.

**BIDS FOR BRIDGE  
TO BE OPENED**

Ottawa, Ill.—Bids on the pro-

**FINES EQUAL THE  
COST OF ENFORCEMENT**

Chicago.—(By The Associated Press.)—Fines imposed for violation of the prohibition law more than offset the cost of enforcement in a number of Illinois counties, according to replies of state's attorneys to a questionnaire of the Illinois Edition of The American Issue. The result of the inquiry was made public here today at offices of the Illinois Anti-Saloon League.

"These figures conclusively refute the wet charge that prohibition enforcement adds much to the public expense," said O. G. Christgau, editor of the league's Illinois organ.

"Two important points in connection with the figures are that

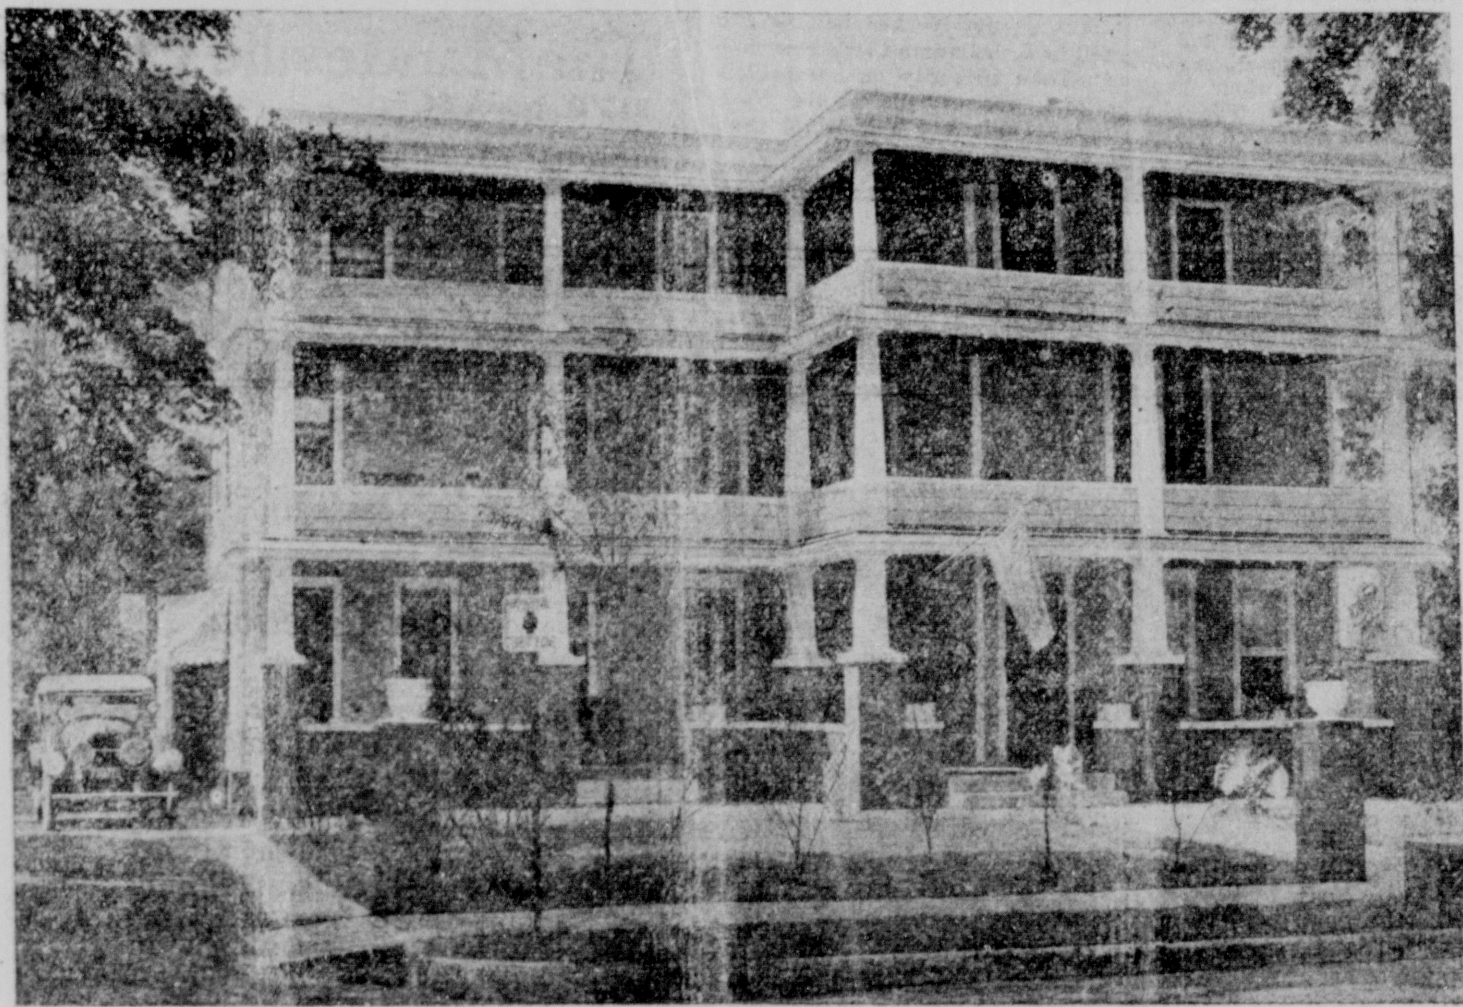

the cost of enforcement is paid for many times over by the results and that county boards are justified in making appropriations for prohibition enforcement by the certainty that fines will more than pay the extra expense."

**SURGEONS SAY  
RADIUM IS FAILURE**

London.—By The A. P.—That radium is a failure and that many leading surgeons have discarded it in favor of X-rays is the opinion expressed by Sir Thomas Parkinson, distinguished surgeon who was consulting physician to the American hospital for English soldiers and who is also physician to the Prime Minister Lloyd George.

He states that radium is not only not effective as a remedy, it was positively dangerous, as its burning effect aggravated instead of curing maladies.

William Foster traveled from Alexander to the city yesterday.

# Cancer      *Some Conclusions*      Cancer

*After the Nation-Wide Campaign Against the Dread Disease--Cancer--the following Conclusions are Reached*

- 1.—Cancer is not actually, but its revelations are, on increase.
- 2.—Cancer is not hereditary.
- 3.—Cancer is not contagious.
- 4.—Cancer is not a loathsome disease and is no disgrace to have it.
- 5.—Cancer is no new disease. The ancient Egyptian and Chaldean physicians were as wise to its cause as we are today, but we know more of the factors making it possible.
- 6.—Cancer attacks 1 woman in every 7.
- 7.—Cancer attacks 1 man in every 11 above 35 years of age.
- 8.—Cancer takes as its toll 90,000 lives in Continental America every year; that is, 1 death in every 6 minutes is due to Cancer.
- 9.—Cancer may result from moles, bad teeth, lumps in flesh anywhere, lacerations following childbirth, constant smoking, birth-marks, old sores, or any constant irritation.
- 10.—The fake cures, by paste, applications, caustics, etc., increase the death toll of Cancer.
- 11.—Cancers can be cured when taken in time.
- 12.—Cancer of skin, accessible linings, may be cured by Radium, Roentgen Rays.
- 13.—Cancer, in the final analysis, yields more often to the knife than to all other agents combined. In fact, if taken in time, the knife offers the quickest CURE when properly used.
- 14.—Cancer is being subdued by the safe method at the New Home Sanitarium, the latest picture of which is shown herein. Here you can get the facts about YOUR CASE and ONLY such recommendations as our experience and knowledge affords will be given to all. "SAFETY FIRST." During the last three weeks only 14 cases of CANCER have sought this advice, with possible cure for 8, help for 3, no help for 3.

## A Matter of Dollars and Sense

Economy in buying clothes is a matter of getting the most wear, comfort and dignified style out of the least money invested.

Cheap clothes at a cheap price are an extravagance. Good clothes, built of good fabric, to fit and suit the personality of the wearer, perfectly moulded to his individuality, skillfully needed by experienced tailors—such are the clothes made by us, and represent real economy. No suit of clothes is better than the tailoring that is in it. The Weihs clothes, therefore, are the best. Better come in this week.

## Illinois College Notes

Dr. Morrison of the Social Hygiene Department of the State Board of Health gave a talk to the boys at the chapel exercises Tuesday morning. At the same time Dr. Milligan talked to the girls of the college in the Recital hall at the conservatory. Both talks were very greatly appreciated and of much value to the students.

Devotional services will be held as usual at Academy hall Sunday evening. The Omicron club, under the able direction of Professor Ames, is practicing three one-act comedies: "The Floppers," "Owin to Maggie," and "The French Maid and the Phonograph." The club plans to give these plays some time before the Christmas holidays.

The the chapel exercises Wednesday morning Mr. Worthington talked to the students about the Community Budget. The college students plan to do their part in the campaign.

Dr. Reid spoke to the students Friday morning on the subject of the Cancer.

Miss Jeannette Ogden entertained several friends at dinner Thursday evening. Among those invited were Mr. and Mrs. T. P. Carter, Miss Amy DeMotte and Miss Margaret Nesmith.

The girls of the Y.W.C.A. will hold their Thanksgiving service Monday afternoon in the college chapel.

At the regular meeting of the Science club Thursday evening Glen

Wever, president of the club, gave a talk on the Phases of Science. Two new members were taken in at the meeting, Celestine Hemphill and Lew Cummings.

John Corrington ex-'21 was a visitor in the city during the past week. Mr. Corrington is attending the University of Illinois this year.

Dean G. H. Scott went to Champaign Thursday to attend the meeting of the Illinois Teachers' Association.

At the chapel exercises Thursday morning the College Band entertained the students with several selections. J. Part Johnson has charge of the instruction for the band and the boys have made fine progress in a very short time. The boys have ordered blue and white uniforms, which they hope to receive soon.

The senior class is working hard this fall on its college annual, The Rig Veda. The students have taken some fine snapshots of various social events. The following is the list of the Rig Veda officers: Editor-in-chief, Francis Thurmon; business manager, Felix Farrell; art editor, Erma Wolfe.

## Imagine a World Without Music

WHAT a dreary, cheerless place this old world would be if there were no music. It has its place at all times and on all occasions. In the Cathedral its praise to God ascends; on the Battlefield it strengthens and inspires the Soldier; at the wedding it solemnizes the great moment in the lives of men and women. In moments of solitude it is a sympathetic companion; at times of gaiety it is the life of the occasion; the happy song and the joyous dance wake to its melody. It is the one great universal language that speaks to all alike for it speaks directly to the heart. Count that home a place of happiness and content, where MUSIC is allowed to wield its sweet influence. Pity the man or woman or child who has within no emotion that MUSIC can reach.

## Music is a Part of Jacksonville's Very Life

Our city is made up of people who have a real and marked appreciation for music. Among them are many whose musical accomplishments are noteworthy. Thousands, who themselves are not musicians, have this appreciation to a marked degree. More and more families in Jacksonville are making MUSIC available in their homes—and the homes are ALWAYS the better for it.

## ILLINOIS U. BLASTS OHIO'S HOPES

### PLAY OPPONENTS TO STANDSTILL AND WIN BY SCORE OF 7 TO 0

Touchdown Made by Walquist Who Grabs Pass as It Bounds off Myers' Chest and Makes 25 Yards Thru Ohio for Touchdown

—Buckeyes Lose Pep After Illinois Score

(By The Associated Press)  
COLUMBUS, O., Nov. 19.—Illinois today dashed to earth the hopes of Ohio State for a claim to the Western Conference football championship. The Illini, defeated by every conference team they had met this season, played the Buckeyes to a standstill and raced off the field by a score of 7 to 0. The feat was accomplished before a homecoming crowd of more than 20,000 which packed all available space in the stands.

It was Captain Larry Walquist, playing his last game for his alma mater, who did for his team what previously had been regarded as the most remote possibility. He had only touched a forward pass tossed to him by Peden, but turned quickly as the ball passed him and seeing it bound from the chest of Captain Myers of the Buckeyes, snatched it and plunged twenty five yards thru the Ohio secondary defense for the first touchdown Illinois had scored during the conference season. A moment later, shortly before the second period ended, Sabo added another point by kicking the goal from touchdown.

### ROMNEY'S DROP KICK WINS GAME FOR CHICAGO U.

Quarterback Scores Field Goal in the Fourth Quarter

(By The Associated Press)  
CHICAGO, Nov. 19.—A drop kick, booted between the Wisconsin goal posts by Milton Romney, Chicago's sophomore quarterback, scored a 3 to 0 victory for the Maroons on Stagg field today in an evenly matched, brilliant display of western conference football.

More than 32,000 people saw the two teams battle scoreless for three periods. A muddy field slowed down the play at times but both eleven showed versatile attacks and put up stubborn defense. The victory was made possible by a combination of straight line plunges, a long forward pass and a penalty against Wisconsin. With the ball on her 30-yard line, Chicago placed the burden of carrying the ball on Johnny Thomas' shoulders and the big fullback, who had replaced Timme, plunged straight thru Wisconsin's center for 18 yards. Cole playing for Pyott, made a dive thru left tackle for five more.

Then Crisler shot a pass into Hurlburt's hands, good for 20 yards more and Thomas immediately plunged for another five yards. Nicely situated in front of the Badger goal Crisler tried a place kick from the Wisconsin 30 yard line but it went wild. Wisconsin however was offside and that mishap saved the day for Chicago. The ball went on the Wisconsin 15 yard line. Here the plunging Thomas was again brought into play but after gaining six yards the Maroons played safe and Romney stopped back dropping a beautiful kick over the Badger bar.

Wisconsin in desperation opened up a brilliant show of forward passes, seeming to depend on sheer nerve for gains. Three of five completed passes in this period were made in these last seconds of play one from Elliott to Williams good for 40 yards. But it was too late and the whistle blew with the oval still in mid-field, the Wisconsin was set for a strong attack on Maroon territory.

### COE WON FROM CORNELL 28-7

(By The Associated Press)  
CEDAR RAPIDS, Ia., Nov. 19.—In the homecoming game this afternoon, in one of the most exciting battles waged on Coe field in years, Coe beat Cornell, 27 to 7. Cornell used the forward pass repeatedly and made many good gains and in the third quarter, Cornish made a pretty catch of a pass for a score. Coe scored on two touchdowns by Collins and Strong, also McKeever's open end, and a field goal.

Coe scored in the second period, in the third, and twice in the fourth. The ball was lost on downs twice near the Cornell goal.  
Turner and West starred on the Coe line and Owens and O'Neil on the Cornell line.

### ILLINOIS U. WINS CROSS COUNTRY RUN

(By The Associated Press)  
BLOOMINGTON, Ind., Nov. 19.—Running over a five mile course of mud and water the Illinois University cross-country team won first honors in the eighth annual western conference cross-country meet held here today. Ames took second place and Wisconsin third. Finkle of Wisconsin was the first man to come in. The official score:  
Illinois, 46.  
Ames, 65.

### Iowa Plows Its Way to Big Ten Championship

(By The Associated Press)  
EVANSTON, Ill., Nov. 19.—The University of Iowa football eleven today plowed thru a mud covered and rain soaked field to the western conference championship and to the championship of the middle west by defeating Northwestern University 14 to 0, while Illinois was eliminating Ohio State from the race in a game which was the biggest upset of the season. Despite Iowa's victory the Northwestern University brought honors to its school by the determined stand it made against an eleven which it had been predicted would triumph by a score of from 30 to 40 to 0.

The champion Iowans were held scoreless in the third and fourth periods and showed over a touchdown in each of the first two quarters.  
The defeat of Northwestern left Iowa undefeated this season the team's record in the conference being five games won and none lost. In addition, Notre Dame, conqueror of Nebraska and also of the Army was defeated thus giving the Hawkeyes an apparently clear title to the middlewestern championship as well as to the big ten honors. The muddy field covered with water a foot deep in some places, made it impossible for the players to get a foothold and both eleven resorted to desperate forward passing attempts. The mud proved too great a handicap here also and few of the heavens were successful.

The best pass of the day came in the first four minutes of play and brought the Hawkeyes their first score. After working the ball down to the purple 35 yard line Aubrey Devine shot a pretty pass to his brother, Glenn, who dodged thru twenty yards to a touchdown.  
In the second period, consistent line plunging by Locke, the Iowan's big full back, combined with clever interference by Green Devine for his brother Aubrey's end runs, brought the ball to Northwestern's three yard line and Locke then lunged thru for another touchdown. A Devine kicked both goals.  
The second half found Iowa content to play a safe, steady game, also opening up at times by attempts to increase the score. Northwestern rallied, however, and by some consistent playing kept the Hawkeye away from the goal line. Besides the two Devines and Locke, Slater and Belding were the stars for Iowa. Slater's play was of great help to his eleven opening up big holes in the line and breaking up Northwestern plays at their inception.  
The line-up:  
Northwestern (0) ..... Iowa (14)  
McElwain ..... Kadosky

### HARVARD COMES FROM BEHIND AND WINS FROM YALE

Crimson Spirit and System Finally Brings Victory

(By The Associated Press)  
CAMBRIDGE, Mass., Nov. 19.—A Crimson victory—the success of Harvard spirit and Harvard system—marked the annual Yale-Harvard game today. The score was 10 to 3.

It was a last period victory in which a touchdown by Owen, a goal kicked from it by Buell and a goal from the field by Owen gave the team of Captain Keith Kane, points which surpassed the three gained by Yale through the field goal of Captain Mack Aldrich, kicked in the first quarter. The Harvard triumph was unexpected generally, coming at the close of a season of uncertainty for the Crimson eleven and of previously unbroken success by Yale. It caused an unprecedented triple tie in the standing among the "big three"—Princeton the winner over Harvard; Yale, tamer of the Tiger; Harvard, the victor over Yale.

This fortieth Yale-Harvard game was played in the Harvard stadium before a crowd of almost 55,000.  
To the Harvard victory, won from a heavier and harder-hitting team, several players contributed notably. They were Owen, Buell, Fitts, Chapin and Kane.  
With Yale leading, 3 to 0, the game turned in the third period on Buell's feat in running back, through most of the Yale team, a punt which he caught at mid-field. His dash covered 27 yards carrying the ball to Yale's 12-yard line.

Opening the fourth period on the next inept, Buell capitalized the element of deception through a delayed forward pass for an advance of eight yards. A burst against the Blue line lacked inches of first down. Owen gathered strength for another assault and carried not only the down, but the goal, plunging over the Yae forwards.  
Yale put off an impulsive running attack on the next kickoff, Aldrich and O'Hearn stabbing through for long gains, and Jordan for short jobs. They carried the ball to Harvard's fifteen-yard line, weakened as they went. However, and Chapin, a substitute in the Harvard backfield then made a run of 50 yards, after intercepting Yale forward pass tossed by O'Hearn. Fitts pressed forward 22 yards more in another Harvard effort. From the 17-yard line, Owen broke through the Blue ordon and rushed over the goal, only to have his touchdown recalled because of holding in the Harvard line.

When Yale failed to gain on the succeeding rushing attacks she kicked and Harvard started another offensive that put Owen into position for his field goal from the 20-yard line.  
Aldrich's Work Brilliant  
This sequence of plays in the last half of the game, gave Harvard its zero's and its victory. In the early periods the advantage was Yale's and the heroes were of the Blue. Throughout the game the individual brilliance of Captain Aldrich caught the eye and the applause of spectators on both sides. O'Hearn, too, was a strong offensive power, although he was involved in several incidents that put his team at a temporary disadvantage.  
Jordan's rushing blows were considerable factors in Yale's offense. Strum, at Yale's right flank, played the best and position of the game and went off the field crying, because injured in the last period.

The story of the earlier periods is one of the field goal that Captain Aldrich kicked from the 12-yard mark, when Harvard held the Blue's rushes of another attempt at field goal, in which he failed.  
Of Yale's lost opportunity to get the ball, when on a Harvard fumble on the Crimson 20-yard line, three Yale players nudged about the ball and allowed Brown to trip in and save it for Harvard; of three punts by Owen in the second period to kick field goals, twice from placement and again from a dropped ball and of O'Hearn's failure in the closing moments of play in the second period in an ambitious effort to boot the ball over from mid-field.  
Yale's early advantage probably was due to a large extent to Captain Aldrich's correct call of the coin toss, enabling him to put the brisk southwest wind at his back for a kicking advantage. Yale outmarched Harvard, both in the aggregate and in the average. The Blue went forward approximately 250 yards from scrimmage formations; Harvard's rushing advance totalled 190 yards. Penalties were about equal, although Harvard's were the most costly in the importance of the moment.

### FINAL STANDING IN BIG TEN CONFERENCE GIVES IOWA THE TITLE

Illinois Helps by Upsetting Ohio State at Columbus

(By The Associated Press)  
CHICAGO, Nov. 19.—The western football season closed today with the University of Iowa eleven the undisputed champion for the first time in twenty years.  
The upset through which Illinois beat Ohio State, 7 to 0, combined with Iowa's victory over Northwestern, left the Hawkeyes at the top of the percentage table and avoided what had appeared to be a certain tie between Ohio State and Iowa for the title. Ohio State and Chicago are tied for second and third place and Wisconsin has fourth.

The final standings follow:  
Team ..... Won ..... Lost ..... Tied .....  
Iowa ..... 5 ..... 0 ..... 0  
Ohio State ..... 4 ..... 1 ..... 0  
Chicago ..... 4 ..... 1 ..... 0  
Wisconsin ..... 3 ..... 1 ..... 1  
Michigan ..... 2 ..... 1 ..... 1  
Iudiana ..... 2 ..... 2 ..... 0  
Minnesota ..... 2 ..... 4 ..... 0  
Purdue ..... 1 ..... 4 ..... 0  
Illinois ..... 1 ..... 4 ..... 0  
Northwestern ..... 0 ..... 5 ..... 0

Today's games not only established Iowa as supreme in conference circles, but gave the eleven virtually an undisputed claim to the championship of the middle west. The Hawkeyes, besides winning five conference games, and losing none, defeated Notre Dame, the leading middlewestern team outside the big ten. Notre Dame defeated Nebraska and also the Army.

The Iowa eleven played a clean game through the season which left no doubt as to its superiority over every eleven it met. Besides Notre Dame, Minnesota, Illinois, Northwestern, Purdue and Indiana were defeated, most of them by overwhelming scores.

Throughout the season the belief that Ohio State and Iowa would end the season in a tie for first place, leaving the championship in dispute, gradually grew in strength until it was looked on as almost a certainty by most football observers, and the expected arguments over the relative strength of the two teams already had started.

Illinois however, upset the calculations and gave Iowa a clear title by unexpectedly defeating Ohio State, 7 to 0, today. It was the only game the Illinois team won in the conference this season and the only touchdown they scored, against a big ten eleven.

Iowa's last championship was won a score of years ago and since then a jinx seemed to have followed the eleven, for on three occasions the Hawkeyes seemed to be certain title winners, only to lose the deciding game by one or two points through a break in the luck.

### NEBRASKA WON FROM AMES 35-3

(By The Associated Press)  
AMES, Ia., Nov. 19.—The University of Nebraska clinched the Missouri Valley title here this afternoon by defeating Ames university by the score of 35 to 3. The Cornhuskers displayed a strong offense which netted them a touchdown in the first period, three more in the third and one in the fourth.

### IOWA INVITED TO PLAY WESTERN TEAM

(By The Associated Press)  
CHICAGO, Nov. 19.—Howard Jones, coach of the University of Iowa football eleven which today won the Western conference championship was called into conference after the 14 to 0 victory over Northwestern by a committee representing the California Tournament of Roses to discuss the possibility of the Iowa team going to the coast to meet the leading team of the far west on New Year's day.

### CALIFORNIA WINS FROM STANFORD

Stanford University, Cal., Nov. 19.—California's unbeaten football team dedicated Stanford's new stadium here today by defeating the Cardinal varsity 42 to 7, before approximately 57,000 people, probably the largest crowd ever assembled at an intercollegiate contest in the west. The victory gave California the Pacific conference championship twice in succession and made their record for 1920 and 1921 an unbroken string of victories.

### JACKSONVILLE BEATS QUINCY ON WET FIELD

Mud Ankle Deep and Ponds of Water Covered Illinois Field Saturday—Both of the Teams Fumbled Frequently—Jacksonville Carried Battle to Opponents During Game

On a field half under water and ankle deep in mud, Jacksonville high defeated Quincy high on Illinois field Saturday afternoon, the final score being 13 to 6.

The score does not tell the story of the game, however. Practically all of the playing was done in Quincy territory. Had the field been dry the locals probably would have scored several more touchdowns as the Quincy line would not have been able to withstand the Jacksonville attack. Both teams fumbled repeatedly, owing to the slippery condition of the ball, but Quincy was more fortunate in recovering the fumbles. This fumbling gave Quincy her lone touchdown, as Shallenbarger ran eighty yards for a touchdown after recovering a Jacksonville fumble.

Aside from that touchdown Quincy never had a chance as the locals were able to stop their line plays and end runs. Quincy pulled her first forward pass on the old campout trick and then made several more. Toward the close of the game, however, Jacksonville solved their aerial attack and intercepted several attempts and regained the ball.

### MICHIGAN BURIES MINNESOTA IN MUD

Triumph by Gophers by Score of 38 to 0—Long Runs by Michigan Backs Feature Game

(By The Associated Press)  
ANN ARBOR, Mich., Nov. 19.—Approximately 40,000 persons this afternoon saw Michigan triumph over Minnesota 38 to 0 in the closing game of the western conference season. The game was played on a field ankle deep in mud. Michigan scored in each quarter. The well known Minnesota shift was effective at times but ball was kept in Minnesota territory at nearly all stages. Long runs by Cappon, Uteritz and Kipke for Michigan, and Martineau and Gilstead for Minnesota featured the play. The Michigan backs frequently clipped off runs of 40, 50 and 60 yards.

The long runs of the Michigan backs paved the way for the first touchdowns in the opening period, bringing the ball to within a foot of the Minnesota goal line, when Uteritz went thru. Goebl kicked goal, the first of five successful attempts during the game. A few minutes later, Dean, Michigan's left end, booted the ball over for a field goal from Minnesota's 40-yard line.  
In the second period, Uteritz intercepted a Minnesota forward pass on his own 40-yard line and aided by effective interference went over for the second touchdown.  
A seventy yard run by Cappon in the third period netted another touchdown. Minnesota worked the ball to Michigan's 18-yard line in this quarter but lost it on downs. In the final quarter Bank, substituting for Uteritz tossed a 50 yard forward pass to Roby, and worked the ball to Minnesota's four yard line. Here Cappon fumbled but his teammate Steketee, substituting for Kipke, and a forward pass, Roby to Goebl, gave Michigan its final touchdown.

Before the game a tablet to the memory four Michigan athletes who lost their lives in the world war was unveiled.

### HIGH SCHOOL ATHLETIC ASSOCIATION MET

CHAMPAIGN, Ill., Nov. 19.—C. Witten, principal of the De Kalb high school was elected vice-president and C. M. Swank, principal of the Anna high school was re-elected to membership on the association board of control of the Illinois high school athletic association in session here. G. J. Coons of Pontiac, and other officers held until next year. No changes relative to the age limit were made in the by-laws.

### USE FIRE ENGINE TO PUMP WATER OF FIELD

Taylorville, Ill., Nov. 19.—A fire engine was used here today to drain water from the football field on which the Taylorville Independents and Danville defeated eleven are scheduled to play tomorrow. The Danville professional team has not been defeated since it was organized two years ago.

Time of periods 15 minutes each.  
Referee, Larson, Rock Island High.  
Umpire, Henry, Illinois College.  
Head linesman, Cully, Illinois College.

## BETTING EVIL IS CAUSING TROUBLE

Pittsfield School Authorities Take Drastic Steps to Stop It—Coach R. E. Harmon Comments on Evil.

Recently the practice of betting on high school football games grew to such proportions in Pittsfield that the high school authorities took the matter up and will try to put a stop to the practice. Cards were printed and distributed in the business houses pledging the proprietors and employees not to bet on any high school or independent contests.

Coach R. E. Harmon, who is coaching Quincy college in an interview in the Whig-Journal heartily endorsed the move. However, Mr. Harmon is of the belief that but little danger will accrue to high school or college athletics from betting evil. He believes, and rightly too, that the school spirit and loyalty will forever keep football and other scholastic sports clean.

Fighting Bob as he is called in Quincy, does see in the betting evil danger for professional football. Professional players are not fighting for the honor of the school but for money and accepting a bribe would be an easy way of getting it. By tolerating gambling or betting of any character professional football, Harmon

believes, will result in cutting its own throat.

The Journal heartily endorses the Pittsfield movement for the elimination of betting on high school or college games. We know the temptation is great when a school has a good team for the boys and fans on the sidelines to take a chance. It is the greatest evil that confronts school athletics today.

In the present day the gambling instinct seems to be abnormal. Men and boys will bet on almost anything. There is scarcely a contest of any character that the students and other followers of sport do not want to bet on.

How to stop it is, however, a big problem. George Huff had a University of Illinois student arrested and fined in Champaign recently for conducting a bookmaking scheme on football games. This was gambling on the whole sale plan. How to have enough men of authority to circle thru a big crowd at a game and prevent two men occupying adjoining seats in a big stand from getting down a friendly bet on their favorites is something that will be found a difficult matter.

It seems like the American people like to take a chance. They will bet on horse races, foot races and even fall for wrestling matches. Some of them have the fever so bad they will even bet whether a hen will cross the road or something else equally foolish.

We believe in clean athletics. We believe that all betting should be prohibited on school games. But until the American people are greatly changed we see no possibility of it being entirely eliminated. The it may be curbed about the field of play and that will be a big step in the right direction.

## JACKSON TELLS HOW TO PITCH HORSESHOES

KELLERTON, Iowa.—(By A. P.)—Frank E. Jackson, national champion horseshoe pitcher of the world, has been ringing pegs for more than 40 years.

The game of horseshoes, he says, is like everything else—there being at least two ways in which it can be played, a right way and wrong way. For 25 years, Jackson played the game wrong and then discovered that there was a scientific way to ring the iron pegs with greater accuracy. So since 1909, Jackson has been pitching a scientific game of horseshoes.

One of the first things Jackson discovered when he learned the science of the game was his control over the "open shoe." He says he believes he is the first man to learn the value of the "open shoe."

Jackson has held the national championship since 1914, winning it the last time at the Minneapolis tournament.

In practicing or training for a tournament, Jackson usually plays several games every day for a period of several weeks on a good standard court.

Jackson is an enthusiastic over his horseshoes as many golfers are over their game on the green. He says the most exciting game of the Minneapolis tournament was played between himself and a thirteen year old twin city youth, Freddie Hay. The score ended 40 to 50, Jackson pitching 40 ringers and 15 double ringers while the youngster pitched 40 ringers and seven doubles in the 50-point game. Jackson, in winning the tournament and the title, played 15 final games, winning every time. He scored 391 ringers and 110 double ringers.

"Old Man Jackson," as he is known in Kellerton, is the father and two sons, Carrol and Hansford, who are nearly as good at horseshoe pitching as their father. The sons are doubles champions of Iowa, Illinois, Missouri, South Dakota, Nebraska and Kansas.

He issued a standing challenge expressing a willingness to play anyone.

## MICHIGAN TEAM SCORES MANY POINTS

(By The Associated Press)—ANN ARBOR, Mich.—As a point winning machine, the University of Michigan varsity this year is the greatest since 1917, a comparison of football records show. In the five games played by Michigan so far this season a total of 131 points have been scored by the Wolverines. This exceeds the season total for either 1918, 1919 or 1920. The total in 1918 was 96, in 1919 it fell to 93, while in 1920 it stood at 122.

Michigan's present team made its greatest number of points in any one game in the tilt with Case, when 64 were obtained. Thirty-four points were run up against Mt. Union, thirty against the Aggies and three against Illinois. The blanking given Michigan by Ohio State this year was the first administered to the Wolverines since 1919, when Chicago was on the long end of a 13 to 0 score. Points scored against Michigan this year total 14, all of them being obtained by Ohio State.

Yost's greatest point winning team was that of 1902, when 644 counters were scored. But twelve points were scored by opponents in the eleven games played. Other heavy scoring teams were those of 1905, and the 1904 aggregation, whose points totaled 567. The 1917 squad was the heaviest point makers in recent years, 304 being scored during the season.

## JAKE SCHAEFFER SETS NEW WORLD'S RECORD

Rune Out 400 Game in Two Innings Hoppe Defeats Horemans in Day Game

(By The Associated Press)

CHICAGO, Nov. 19.—A world's record for 18.2 ball-line billiard tournament play was established tonight by Jake Schaeffer of Chicago when he averaged 200 in defeating Walter Cochran of San Francisco, in a match in the international tournament being held here. Cochran failed to count, the score being:

Schaeffer ..... 82 318—400  
Cochran ..... 0 — 0

The best previous averages were 83.13, made by Willie Hoppe, world's champion in 1915, and 100 by George Sutton, nearly two decades ago.

Schaeffer's play was spectacular. He won the bank by a bare margin and after running 82, missed a difficult shot. Cochran then missed, and never got another chance, as Schaeffer making wonderful shots, repeatedly, ran 318.

Schaeffer's 318 run was 66 less than the world's record of consecutive points. Cochran in a game a few days ago, ran 384.

Tonight's play ended with Cochran and Roger Conti, the French champion, tied for third and fourth places and Edouard Horemans, the Belgian, and George Sutton, of Chicago, tied for sixth and seventh places.

Willie Hoppe, world's champion, today defeated Horemans 400 to 379 in 19 innings and Sutton, who had lost four straight games, won from Ora Morningstar of San Diego, 400 to 291, in twelve innings. Hoppe had a high run of 88 and an average of 21.1-19 and Horemans had a high run of 87 and an average of 21.1-8.

The tournament, which closes on Tuesday, will be resumed Monday, when Horemans and Sutton will play a match to break their tie, while Schaeffer and Morningstar and Hoppe and Cochran appear in the other two matches.

The standing of the players tonight:

Player	Won	Lost
Hoppe	4	0
Schaeffer	3	1
Cochran	3	2
Conti	3	2
Morningstar	1	3
Horemans	1	4
Sutton	1	4

## WILL USE MANY BULLS IN FIGHTS

Mexico City.—By The A. P.—More than 600 native bulls representing an aggregate value of \$125,000 will be used in the various bullfights to be held thruout the republic of Mexico during the coming season, says Don Jacobo G. Prantl, agent of one of the largest breeding establishments in Mexico.

Senor Prantl declares that the national sport is increasing rather than decreasing in popular favor. Altho one enthusiast for the sport which he terms "the grandest of all in the world," Senor Prantl joins in the objections raised almost unanimously by foreigners here against the use of horses which now are pushed blindfolded and shivering into the path of the infuriated bulls. Horses are needed, however, he says in order to allow the picadores to punish the bulls with their long poles.

Free Proof To You**

J. C. HUTZEL, R. P. DRUGGIST

All I want is your name and address so I can send you a free trial treatment. I want you just to try this treatment—that's all—just try it. That's my only argument.

I've been in the Retail Drug Business for 20 years. I served four years as a member of the Indiana State Board of Pharmacy and five years as President of the Retail Druggists' Association. Nearly every one in Fort Wayne knows me and knows about my successful treatment. Over twenty thousand Men, Women and Children outside of Fort Wayne, have, according to their own statements, been cured by this treatment since I first made this offer public.

If you have **ECZEMA, Itch, Salt Rheum, Tetter**—never mind how bad—my treatment has cured the worst cases I ever saw—give me a chance to prove my claim. Send me your name and address on the coupon below and get the trial treatment I want to send you FREE. The wonders accomplished in your own case will be proof.

**Sensational, Colossal, Beautiful, Stupendous  
The Talk of a Nation**

**Based on Wm. A. Brady's Famous Play by Lottie Blair Parker and Jos. R. Grismer**

A simple, old-fashioned story of plain people, embracing the four seasons. A story of loves—Man and Woman—Mother and Baby. A great bell tolling Humanity. A story of Laughter—Rabelaisian horseplay. Quaint absurdities—springing, gay barn dances—sleigh bells ajingling. Love's voice—sweet and low—strong and tender—across fragrant fields and twilight streams. In the end, amazing scenes, March storm, ice break-up, Anna and David carried with blinding mass of ice down the roaring river.

## STOCK EXCHANGE HAS DULL DAY

**NEW YORK, Nov. 19.**—Minor shares were conspicuous under-pool agencies during today's abbreviated and inconclusive stock market session the usual favorites inclining to dullness, when not reactionary.

Junior oils absorbed considerable part of the trading with minor rails the latter including several of the cheaper coals and cotton carriers. Seasoned transportation, industrials and specialties eased under week-end realizing and occasion pressure. The latter tendency was noted in Bethlehem Steel and several of the popular motors, these proving susceptible to advices indicating further let down of production. Sales amounted to 400,000 shares.

Weekly reviews of financial, commercial and railway conditions were mixed but pointed anew to long prevailing uncertainty.

Pre-holiday trade at important distributing centers was reported as only fair and advices received by the American Railway Association disclosed an increase in the number of idle freight cars. Gains ruled among liberty issues and the general bond market retained or enhanced its recent advances among rails, utilities and several of the international group.

Total sales (par value) \$8,875,000.

## MOREHOUSE AND MOTHER HELPED

"I Know From Experience That Tanlac Does The Work" Declares Chicago Man.

"I will always recommend Tanlac for I know from experience what it will do," said Ben Morehouse, 406 North Wells St., Chicago, Ill.

"I began taking Tanlac because it helped my mother so much," said Mr. Morehouse. "She is quite old and has been in failing health for some time. She was rundown completely and suffered a lot from weakness. But Tanlac was just what she needed and has restored her health and built her up in every way."

"I had been going down hill for some four years. My stomach was in bad order and what I ate gave me a world of pains and distress. My back hurt me so I could hardly get up or down and I didn't know what sound sleep was. I was run down in general and felt weak, drowsy and half sick all the time."

"Tanalac set me right just like it did mother and gave me such a good all round building up that I have been feeling fine ever since. My appetite was never better and I've got back my old time pep and energy. My back never hurts me now and my nerves are steady and I sleep sound. In fact, I am in the best of health and don't hesitate a minute to recommend Tanlac."

Tanalac is sold in Jacksonville by J. P. Shreve, druggist, and by leading druggists everywhere.

## FRANKLIN CHURCH TO PRESENT PLAY

"Whose Little Bride Are You?" Is Play Selected—Excellent Cast Has Been Secured.

Members of Franklin Christian church assisted by Richard Whalen will present a comedy-drama in three acts, entitled, "Whose Little Bride Are You," at Marquette hall Friday evening, November 25.

Rehearsals are already well under way and the production promises to measure up to past high standards. There will be musical specialties between the acts. The cast of characters follows:

Dr. Benjamin Bellows, a well-to-do retired physician—Richard Whalen.

Algermon Clawhammer, a modest and retiring young man—Charles Echols.

Augustus May, a stocky, amiable Englishman—Cullen Sweet.

Simeon Singleton, a gay clubman, inclined to be dissipated—Russell Wynn.

George Tobin, rather short and very boyish manner—John Henderson.

Florence Bellows, a charming refined girl—Miss Aliene Austin.

Mrs. MacEckron, up-to-date, fashionable woman—Miss Grace Hill.

Dolly MacEckron, very small figure—Miss Blanche Harney.

Maggie Brady, handsome, commonplace beauty—Mrs. M. D. Henderson.

Mrs. Amelia Tobin, weighs two hundred—Miss Grace Armstrong.

Synopsis of Play.

Act 1—Noon. Visitors expected. Maggie's day out. Arrival of Augustus. Mistaken identity. The luncheon. Arrival of Algermon. More mistakes. Advancing the steam bath. "At last, my little Amelia."

Act 2. Late afternoon. Algermon is put to work. Surprises for Dr. Bellows, George and Dolly. "Am I dreaming?" Mrs. Tobin sets things going. Two sketches. Singleton arrives. Algermon weak and dilapidated is cast off by his uncle. Mistakes multiply.

Act 3. Evening. Singleton's part. The "Little Bride." Algermon attempts to cross for the wedding. Augustus ordered out. "I intend to lead 'er to the altar, sir." Confessions. The happy bridegroom.

All three acts take place in the residence of Dr. Bellows in Rahway, N. J.

### ILLINOIS PROHIBITION ACT IN THE COURTS

Test cases under the new Illinois Prohibition Act have been filed in one of the Circuit Courts of Illinois. It is the duty of the attorney general to defend the constitutionality of the act, but because of lack of funds he was unable to employ the usual number of assistants.

Former Senator L. Y. Sherman tendered his services free in the defense of the new Illinois law and has agreed to carry the cases thru the Supreme Court of the United States, if necessary, without any pay for his services.

Senator Sherman in his address on Law Enforcement this evening at the Community Forum in the Congregational church will no doubt discuss violations of the Illinois Prohibition law.

**The Dollar Mark!  
What Does It Stand For?**

An accountant, named Lee, who had never heard of efficiency or taken a course in scientific office management, took the Spanish "peso" and abbreviated it, thus "\$". It saved him time. It pleased his eye and stood for value given for value received.

America liked and adopted it.

It is nearly a century and a half old now, but never has the \$ mark represented so many uncertain conditions as during the past few years. This \$ mark now-a-days represents more than ever before the policy back of every business.

In the J. C. Penney Company, this \$ mark represents a policy of freedom, equal opportunity and progress.

**FREEDOM** because it buys for cash and sells for cash.

**EQUAL OPPORTUNITY** because every store offers equal and exceptional opportunity to its salesmen to become co-partners.

**PROGRESS** because the \$ circulating through 312 stores in 26 States keeps prosperity moving, bringing business and all.
